Look Up Your Form 1099-G/1099-INT Information Online

Form 1099-G/1099-INT may be downloaded securely and printed from www.tax.virginia.gov.

Check Your Refund Status

e-File combined with Direct Deposit is the fastest way to receive your refund. Visit www.tax.virginia.gov or call **(804) 367-2486** to check your status. See below for approximate refund turnaround time frames. To reduce the risk of refund fraud, the Virginia Department of Taxation uses various processes to validate tax refunds prior to issuance. These processes could delay the receipt of your refund.

- If you e-File and request a Direct Bank Deposit, your refund will be issued in about 2 weeks. It will take about 3 weeks if a Direct Bank Deposit is not requested.
- If you file a paper tax return and request a Direct Bank Deposit, your refund will be issued in approximately 8 weeks. It will take about 9 weeks if a Direct Bank Deposit is not requested.
- If you mail your tax return using Certified Mail, it could take an additional 1 to 3 weeks before the Department receives it from the Post Office.

Make Online Payments

- Make an Estimated Tax Payment, a Filing Extension Payment, a Return Payment or pay a Tax Bill online using Bank Debit or EFT Debit. Visit www.tax.virginia.gov.
- **Pay by credit or debit card** at www.officialpayments.com or call 800-2PAY-TAX.

WHAT'S NEW

Virginia's Fixed Date Conformity with the Internal Revenue Code: Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from January 2, 2013 to December 31, 2014, with limited exceptions. Virginia will continue to disallow any bonus depreciation allowed for certain assets under IRC §§ 168(k), 168(l), 168(m), 1400L and 1400N; the five-year carryback of federal net operating loss deductions generated in Taxable Year 2008 or 2009; and federal income tax deductions for applicable high yield discount obligations under IRC § 163(e)(5)(F). At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the IRC for the 2015 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

Refund Options: Effective January 1, 2016, the refund debit card option is no longer available. Individual refunds will be issued only by check or direct deposit to taxpayers' checking or savings accounts. Direct deposit is the fastest way to get your refund. To have your refund deposited directly into your bank account, fill in the banking information on your return. Otherwise, your refund will be issued as a check.

Refund debit cards issued over the past three years with an outstanding balance are still valid and may continue to be used.

Subtraction for Discharge of Student Loans: Effective for taxable years beginning on and after January 1, 2015, an individual income tax subtraction is allowed for any income attributable to the discharge of a student loan solely by reason of the student's death. This subtraction is not applicable to the discharge of private loans, nor would it apply to the discharge of loans that are already excluded from federal income taxation.

Subtraction for Long-Term Capital Gain: The sunset date for making investments in certain high technology businesses that qualify for this subtraction is extended from June 30, 2015 to June 30, 2020.

Subtraction for the Gain on the Sale of Land for Open-Space Use: This subtraction is not available for taxable years beginning on or after January 1, 2015.

Disaster Relief Assistance by Out-of-State Businesses and Individuals: Legislation passed by the 2015 General Assembly provides a tax exemption for out-of-state businesses and employees providing disaster relief assistance in Virginia. The exemption provisions apply to state and local taxes and fees as

well as to the associated registration and licensing requirements. The provisions do not apply to any transaction taxes and fees, including but not limited to, motor fuels taxes, sales and use taxes, transient occupancy taxes, and car rental taxes and fees based on purchases, leases, or consumption in Virginia. For details, visit www.tax.virginia.gov.

Neighborhood Assistance Act Tax Credit: Physician specialists who donate specialty medical services to patients who are referred from certain approved neighborhood organizations whose sole purpose is to provide specialty medical referral services to patients of participating clinics are now eligible for this credit regardless of where the physician specialist performs the specialty medical services.

Recyclable Materials Processing Equipment Tax Credit: Changes include (i) extending the expiration date of the credit to January 1, 2020; (ii) increasing the credit allowed from 10% to 20% of the purchase price of qualifying machinery and equipment; and (iii) establishing a \$2 million in annual credit cap.

Land Preservation Tax Credit: Several changes were made to the credit. The maximum amount of tax credits that may be issued in each calendar year was reduced from \$100 million to \$75 million beginning in 2015. The maximum Land Preservation Tax Credit that each taxpayer may claim is reduced from \$100,000 in Taxable Year 2014 to \$20,000 in Taxable Years 2015 and 2016, and to \$50,000 for each taxable year thereafter. However, for any qualifying fee simple donation of land conveyed to the Commonwealth on or after January 1, 2015, the amount of credit claimed by each taxpayer would be limited to \$100,000. The Department of Taxation is prohibited from issuing any tax credit for a donation from any allocation or pool of tax credits attributable to a calendar year prior to the year in which the complete tax credit application for the donation was filed. In addition, for land or an interest in land conveyed on or after July 1, 2015, no credit will be allowed unless a completed credit application with regard to such conveyance has been filed with the Department of Taxation by December 31 of the year following the calendar year of the conveyance.

Green Job Creation Tax Credit: The sunset date for this credit was extended to January 1, 2018.

Major Business Facility Job Tax Credit: The requirement that a qualified major business facility spread the credit allowed per qualified full-time employee over 2 taxable years instead of over 3 taxable years was made permanent. Previously, this requirement applied only to taxable years beginning January 1, 2009 through December 31, 2014.

REMINDERS

Extension for Filing Income Tax Returns: All taxpayers are granted an automatic 6-month extension of time to file their income tax returns. No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 7601P, by the original due date for filing the return.

Consumer's Use Tax: Did you purchase merchandise by Internet, telephone, or mail, or did you purchase any merchandise outside Virginia and pay no sales tax? If so, you may be required to pay Consumer's Use Tax. Visit www.tax.virginia.gov for more information.

Litter Tax: Every manufacturer, wholesaler, distributor or retailer of the following products is subject to the Litter Tax.

- Food for Human or Pet Consumption
- Groceries
- Cigarettes and Tobacco
- Soft Drinks and Carbonated Waters
- Distilled Spirits, Wine, Beer and Other Malt Beverages
- Newspaper or Magazines
- Paper Products and Household Paper
- Glass and Metal Containers
- Plastic or Fiber Containers made of Synthetic Material
- Cleaning Agents and Toiletries
- Nondrug Drugstore Sundries
- Motor Vehicle Parts

Businesses become subject to the tax on the first January 1 they are in business. The Litter Tax return, Form 200, and payment of the tax are due on May 1 of each year, for the preceding calendar year.

Civil and Criminal Penalties: The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of 100% of the correct tax.

Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

Debt Collection: Before issuing any refunds, Virginia law requires the Department to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court

system. If any such debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt, and the processing of your return will be delayed.

In addition, the Department is authorized to submit eligible state income and business tax debts to the U.S. Department of Treasury Offset Program (TOP). Once a debt is submitted, the U.S. Department of Treasury will withhold or reduce your eligible federal tax refund or federal vendor payment by the amount of your debt. The Internal Revenue Code authorizes this process, known as "offset."

Offset of federal refunds is only one source of funds that the Department of Taxation may use to satisfy an outstanding tax bill. Your state income tax refund and payments from other state agencies may be withheld to satisfy an outstanding tax bill as well.

Because of timing differences in obtaining funds from various sources, it is possible for the Department to receive funds from more than one source to satisfy the same debt. If this happens, the overpaid amount will be released upon receipt of the funds. You do not need to contact the Department to request your refund.

Direct Deposit: Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit www.tax.virginia.gov for details.

Tax-Related Identity Theft: Tax-related identity theft occurs when someone uses your Social Security Number to file a tax return claiming a fraudulent refund. Often, an identity thief will use your Social Security Number to file a return early in the year. You may not be aware that you are a victim until you file your return and learn one already has been filed. We apply stringent scrutiny to all tax returns in an attempt to detect fraudulent tax refunds. If you receive a letter from us asking for additional information to verify that you are the actual taxpayer filing a return, please respond immediately. ESTIMATED INCOME TAX FILING

If you did not have enough income tax withheld, you may need to pay estimated income tax. Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than \$150.

To make estimated tax payments online, visit www.tax.virginia.gov or file Form 760ES.

If you owe a large amount of tax, you may need to increase the amount of tax withheld or make estimated tax payments during the year.

You may be penalized if you underpaid your estimated tax or did not have enough tax withheld.

AMENDED RETURN FILING

When to File

If you file an amended federal return reflecting a change in your taxable income or any other amount that would affect the Virginia return, you must file an amended Virginia tax return within 1 year. If the Internal Revenue Service (IRS) provided documentation that acknowledges acceptance of your federal amended return, enclose a copy with the Virginia amended return. In addition, if you file an amended return with any other state that results in a change that would affect your Virginia income tax, you must file an amended Virginia tax return within 1 year.

If the change reduces the tax, the Department by law may issue a refund only if the amended return is filed within:

- 3 years from the due date of the original return, including valid filing extensions;
- 1 year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended

return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or

- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

Form 760PY

To amend Form 760PY, complete a new Form 760PY (for the taxable year you are amending) using the corrected figures, as if it were the original return. Mark the amended box in the Check Applicable Boxes section of the return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as a result of the original return.

Additional Required Enclosures

If you filed an amended federal return, enclose a copy of your federal Form 1040X or other claim form and supporting material with your amended Virginia return to substantiate the amendment. If amending your Virginia return for other reasons, enclose a statement explaining why you are amending your return. Show any computations necessary to verify the adjustments you are making. Submit your check or money order with your return if you owe a balance due. Also, include additional Forms W-2, 1099 or VK-1 with your return if claiming more income tax withheld than what was claimed on your original return.

Federal Adjustments

If your federal income tax return was adjusted by the IRS during the taxable year and the adjustment was not reported to the Department, an amended Virginia return must be filed with a copy of the federal adjustments within 1 year after the final determination of such federal change, correction or renegotiation. See "When to File" earlier in this section for additional information.

Net Operating Losses

Although there is no express statutory provision for a separate Virginia net operating loss available for carryback or carryover, the amount of federal net operating loss is the starting point in computing the amount of deduction to be allowed on the Virginia return. Check the amended return box located on the front of Form 760PY, indicating that this is an amended return. Also, check the box indicating the return is the result of a net operating loss (NOL) carryback. **Be sure to enclose a complete copy of your federal amended return, if applicable.**

General instructions for computing the NOL can be obtained from the Laws, Rules & Decisions section on the Department's website at www.tax.virginia.gov. Select the link for Virginia Tax Administrative Code (Regulations) and find 23VAC10-110-80 and 23VAC10-110-81, located under Chapter 110, Individual Income Tax.

DECEASED TAXPAYERS

Surviving Spouse filing Joint Return: As the surviving spouse, you are considered the primary taxpayer. To complete your return:

- List your name, Social Security Number and Date of Birth first on the return.
- Include your spouse's name, Social Security Number and date of birth in the fields labeled for spouse.
- Fill-in the Deceased oval next to the field for your spouse's date of birth.
- Any refund issued will be made payable to the surviving spouse. The refund may be direct deposited.
- No additional documentation is required.

Single Filers: If you are the court-appointed or certified Personal Representative (also referred to as Executor or Administrator) of the decedent's estate, include a copy of the court certificate showing your appointment with the return.

- Any refund issued will be made payable to the estate of the decedent.
- The refund will be issued as a check. The check may be cashed or deposited with the endorsement of the court-appointed Personal Representative.

Joint Filers, both Taxpayers Deceased: Follow the instructions for Single Filers.

Important: If a refund is due, the refund will be issued in the name of the surviving spouse or the estate of the decedent(s) unless a properly completed copy of federal Form 1310 is provided. When filing electronically, the Form 1310 must be included with the federal filing.

RECORD KEEPING

Keep your tax records for at least 3 years from the due date of the return or the date the return was filed, whichever is later. If the IRS requires you to keep your federal records for a longer period of time, keep your state records for the same period of time.

FILING REQUIREMENTS

FILING THRESHOLD

Filing requirements are based on your residency status and the amount of your income. Dependents and students are subject to the same filing requirements as anyone else.

- Residents of Virginia with income at or above the minimum filing threshold must file.
- Nonresidents of Virginia with income at or above the filing threshold must file if any of their income is from Virginia sources.

For information on Virginia residency requirements, please read the next section, "Residency Status."

If your Virginia Adjusted Gross Income (VAGI) is at or above the threshold amount shown in the following table, you are required to file. VAGI is the Adjusted Gross Income on your federal return plus any Virginia additions, minus any Virginia subtractions. Information on Virginia additions and subtractions is included in the instructions, later in this booklet.

For a part-year resident, if your income is only from wages, salaries and interest from a savings or checking account, your VAGI is usually the same as the Adjusted Gross Income shown on your federal return less the wages, salaries and interest earned while a nonresident of Virginia. Once you have computed your VAGI, check the chart below to see if you need to file a Virginia income tax return.

YOU DO NOT HAVE TO FILE IF YOU ARE:

- Single** and your VAGI is less than **\$11,950**
- Married filing with your spouse** on the same return and your combined VAGI is less than **\$23,900**
- Married filing separately** (on separate forms) and your VAGI is less than **\$11,950**

If you are not required to file, but you had Virginia income tax withheld or made estimated payments, you are entitled to a refund of the amount withheld or paid. You must file a return to get a refund. We periodically review and update the

Department's records to make sure that we have correct return information. Sometimes, we have to contact taxpayers to confirm that they did not need to file for a given year. As a result, even if you do not need to file a return, you may receive an inquiry at a later date to verify your VAGI.

RESIDENCY STATUS

Residents

Every Virginia resident whose Virginia Adjusted Gross Income is at or above the minimum filing threshold must file. Any "federal area" such as a military or naval reservation, federal agency or federal administration that is inside the geographical boundaries of Virginia is considered a location in Virginia and nonactive duty residents of those areas are subject to Virginia income tax just like residents of any other location in the state.

You may be required to file as a resident in two states if you are an actual resident of one state and a domiciliary resident of another state (see definitions below). If you are in this situation, you may be able to take a credit on the return filed in the state of your legal domicile. Refer to the instructions for the Schedule OSC later in this booklet for more information on the credit for tax paid to another state.

Domiciliary Residents

Anyone who maintains a legal domicile (residence) in Virginia, whether living in or out of Virginia, is a domiciliary resident. This includes members of the U.S. armed forces who have Virginia as their home of record. Domiciliary residents have their permanent place of residence in Virginia. Any person who has not abandoned his or her legal domicile in Virginia and established legal domicile in another state remains a domiciliary resident of Virginia, even if residing in another jurisdiction for a number of years. In determining domicile, the Department considers many factors. Some of the more common indicators of domicile are: voter registration; motor vehicle and personal property registration; business pursuits; expressed intent; conduct; leaseholds and situs of real property owned.

Actual Residents

Anyone, other than a member of the U.S. armed forces or the U.S. Congress, who maintains a place of abode (i.e., home) in Virginia for a total of more than 183 days of the taxable year while having legal domicile (residence) in another state or country is an actual resident of Virginia. This category often includes students who are domiciliary residents of another state while attending college in Virginia or the spouses* and dependents of members of the U.S. armed forces stationed in Virginia. Although this residency classification does not apply to members of the U.S. Congress, it does apply to members of their families and staffs.

*The spouse of a military service member may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the service member is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the service member; and (iii) they both maintain domicile in another state that is the same for both spouses. For more information, see Tax Bulletin 09-10 and Tax Bulletin 10-1, available on the Department's website at www.tax.virginia.gov.

Part-Year Residents

You may be a part-year resident if your residency in Virginia began or ended during the taxable year. Residents who move into or out of Virginia during the taxable year and do not fall into either category below are generally considered full-year residents.

- Virginia residents who move out of Virginia during the taxable year *and* become domiciliary residents of another state are part-year residents, provided they do not move back to Virginia for at least 6 months.
- Those who move into Virginia during the taxable year and become either domiciliary or actual residents of Virginia are also considered part-year residents.

The distinction between full-year and part-year residents is important in deciding which form to file and what income is taxable in Virginia. To compute VAGI and determine if VAGI meets the minimum filing threshold, part-year residents who file Form 760PY are allowed a subtraction from federal adjusted gross income equal to the amount of income attributable to residence outside Virginia.

If you are a part-year resident and do not file the correct form, you will not compute the correct amount of tax. See “WHICH FORM TO FILE” below.

Nonresidents

Nonresidents of Virginia with Virginia Adjusted Gross Income at or above the filing threshold must file if any of their income is from Virginia sources. Income from Virginia sources is income received from labor performed, business done, or property located in Virginia, including gains from sales, exchanges or other dispositions of real estate and intangible personal property having a situs in Virginia. Virginia source income includes income passed through from a partnership, S corporation or limited liability company that does business in Virginia. It also includes business income and proceeds from real estate transactions passed through by a Virginia trust. It generally does not include personal savings account interest or dividends from an individual’s stock market investments.

Those who maintain legal domicile in another state and live in Virginia less than 183 days of the taxable year (or do not live in Virginia at all) are nonresidents. Also, members of the U.S. armed forces who have another state as their home of record (legal domicile) are generally classified as nonresidents of Virginia, even though they may be stationed in Virginia for years.

Exceptions for Certain Nonresidents

If you are a nonresident of Virginia who commutes daily to work in Virginia from **Kentucky** or the **District of Columbia**, you do not have to file if:

- You have no actual place of abode in Virginia at any time during the year;
- Salaries and wages are your only Virginia source income; and
- Your salaries and wages are subject to income taxation by Kentucky or the District of Columbia.

If you are a nonresident of Virginia who is a resident of **Maryland, Pennsylvania or West Virginia** and you earn salaries and wages in Virginia, you are exempt from filing a Virginia income tax return and paying Virginia income tax if:

- Your only income from sources in Virginia is from salaries and wages; and
- Your salaries and wages are subject to income taxation by Maryland, Pennsylvania or West Virginia.

If you are a domiciliary resident of **Kentucky, Maryland, Pennsylvania, West Virginia or the District of Columbia** and have income from Virginia sources other than wages and salaries, (such as business income or gain from the sale of a residence), you must file a Virginia Nonresident Individual Income Tax Return, Form 763, and pay tax on income not specifically exempted above.

Spouses of Military Personnel: Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and (iii) they both maintain the same non-Virginia domicile state. If the spouse is not exempt from Virginia income tax see “Married Taxpayers.” More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at www.tax.virginia.gov.

Tax Withheld in Error by Employer: If Virginia tax was withheld from your income in error, you should file Form 763S to obtain a refund.

If you meet any of the exceptions above and had Virginia withholding, you may need to file Form 763S, Virginia Special Nonresident Claim For Individual Income Tax Withheld to claim your refund.

WHICH FORM TO FILE

Residents File Form 760

File Form 760 if you are a part-year resident and all of your income came from Virginia sources or was received while you were a Virginia resident. This will allow you to claim the full exemption and standard or itemized deduction instead of computing partial amounts as required for part-year residents filing Form 760PY.

Part-Year Residents File Form 760PY

As a general rule, part-year residents file Form 760PY. If 1 spouse is a full-year resident and the other is a part-year resident, the couple may file together on Form 760PY. The part-year resident spouse will compute a prorated exemption amount. The full-year resident spouse will claim the full exemption amount.

Note: If you are a part-year resident who received Virginia source income, as well as other income, during the portion of the year you lived in another state, you need to file 2 Virginia returns for the taxable year. File Form 760PY to report the income attributable to your period of Virginia residency. File Form 763, the nonresident return, to report the Virginia source income received as a nonresident.

Nonresidents File Form 763

Generally, nonresidents with income from Virginia sources must file a Virginia return if their income is at or above the filing threshold. Nonresidents who earn salaries and wages in Virginia and pay tax on those salaries and wages to the District of Columbia, Kentucky, Maryland, Pennsylvania or West Virginia are not required to file if they meet the criteria described in the previous section under “Exceptions for Certain Nonresidents.” Residents of states other than those in “Exceptions for Certain Nonresidents” do not qualify for a filing exception.

Usually, when 1 spouse is a resident and the other spouse is a nonresident, each spouse whose income is at or above the filing threshold must file separately. The resident must file on Form 760. The nonresident spouse must file Form 763. There are only 3 circumstances in which such a couple can file jointly on the same return. If both spouses have income and all of the nonresident’s income is Virginia source income, a joint resident return (Form 760) may be filed. If both spouses elect to determine their joint Virginia taxable income as if they were both Virginia residents, a joint resident return may be filed. Also, if the nonresident spouse has no income at all, a joint resident return may be filed.

Members of the Armed Forces

Active duty pay for members of the armed forces is taxable only in the state of legal domicile, regardless of where stationed. You must file as a nonresident if you are in the military, domiciled in another state and have any other income that is from Virginia sources.

The spouse of a military service member may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the service member is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the service member; and (iii) they both maintain the same non-Virginia domicile state. For more information, see Tax Bulletin 09-10 and Tax Bulletin 10-1, available on the Department's website at www.tax.virginia.gov.

Use Form 763 if you are in the military, domiciled in another state and have any other income that is from Virginia sources. Examples follow.

If a married couple lives in Virginia for the entire year, but is domiciled in Alabama, and has nonmilitary income from Virginia sources that is attributable to both spouses, the spouse on active duty must file Form 763, using Filing Status 4. Generally, the state of domicile will allow credit for tax paid to Virginia on the earned income that is taxed in both states.

If the nonmilitary spouse's domicile changed to Virginia during the year, Form 760PY must be filed, using Filing Status 3, to pay tax on income earned after becoming a Virginia resident.

If your taxable year is January 1, 2015 - December 31, 2015, your individual income tax return must be postmarked no later than **May 2, 2016**, to avoid late filing penalties and interest.

When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for the penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payments of taxes remitted by

a commercial delivery service will be considered timely filed if received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.

If the due date falls on a Saturday, Sunday or legal holiday, you may file your return on the next day that is not a Saturday, Sunday or legal holiday.

Fiscal Year Filers

If your taxable year is not January 1 through December 31, your return must be postmarked by the 15th day of the 4th month following the close of your fiscal year.

When filing by paper, you should write "FISCAL YEAR FILER" across the top of page 1 of Form 760PY and enclose a statement indicating the beginning and ending months of your 12-month fiscal year. If you file after the due date or do not pay the full amount due by the due date, you may have to pay penalties and interest.

Overseas Rule

If you are living or traveling outside the United States or Puerto Rico (including persons in the military or naval service on duty outside the United States and Puerto Rico), you must file your return by **July 1, 2016**. Be sure to check the appropriate box to the left of the name and address section.

Members of the Military - Members of the armed forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional 15 days, or a 1-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members claiming this extension should write "Combat Zone" across the top of their tax returns and on the envelopes used to mail their returns. Such combat zone personnel should similarly write "Combat Zone" across the top of their correspondence, and on the envelope used to mail the correspondence, when responding to any notices issued by the Department regarding tax collection or examination. More information can be obtained from Tax Bulletin 05-5, available in the Laws, Rules, and Decisions Section of the Department's website at www.taxpolicy.virginia.gov.

In addition, every member of the armed services deployed outside of the United States is allowed an extension of his or her due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

Extension Requests

Virginia law provides an automatic 6-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least 90% of your tax by the due date, May 1 for calendar year filers. To make a payment of tentative tax, use Form 760IP.

If you file your return within 6 months after the due date but do not meet the 90% payment requirement, an extension penalty of 2% per month will apply to the balance of tax due with your return from the due date through the date your return is filed, to a maximum of 12% of the tax due. Interest will also accrue on any balance of tax due with a return filed within the extension period, regardless of whether the 90% payment requirement is met.

If you file your return within 6 months after the due date but do not pay the tax due at the time of filing, the unpaid balance will be subject to a late payment penalty of 6% per month from the date of filing through the date of payment, up to a maximum of 30%. The

late payment penalty will be assessed in addition to any extension penalty that may apply. The automatic extension provisions apply only to returns that are filed within 6 months from the due date. If you file your return more than 6 months after the due date, a late filing penalty of 30% will apply to the balance of tax due with your return.

Refund Returns - You do not need to file an extension if you cannot file by the due date and you are certain that your return will result in a refund. This is because the late filing penalty is not assessed on refund returns. To receive a refund, however, you must file within 3 years of the due date.

Foreign Income Exclusion - If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for 30 days after the date you expect to qualify for the exclusion. You must apply by letter on or before the 1st day of the 7th month following the close of your taxable year and enclose a copy of the approved federal extension with your return when you file.

Payments

Submit check with your return. If paying by credit card, please check the box on Line 37 of Form 760PY. **Important:** If you make your payment by check after filing your return, do not submit a copy of your previously filed return with your payment.

COMPUTE YOUR LOWEST TAX (TIP FOR MARRIED TAXPAYERS)

Since Virginia's individual income tax is imposed at graduated rates, a couple with income attributable to each spouse may find that by using Filing Status 2 (filing a joint return), their joint income is taxed at a higher rate than their separate taxable incomes would be. Filing Status 4 (married filing a combined return), is designed to adjust for this difference. When using Filing Status 4, tax is computed on each spouse's separate taxable income and then the two amounts of tax are added together to arrive at their total tax. As a general rule, when both spouses have income, Filing Status 4 will enable you to obtain the lowest combined tax provided that you assign deductions and dependents to each spouse so that the taxable income in each column on Form 760PY is as close to equal as possible.

If only one spouse has income or if one spouse's income would be reduced to zero (or less) after claiming personal exemptions and subtractions, use Filing Status 2 instead.

Enter the 3-digit Locality Code found beginning on Page 43. If you lived in more than one Virginia city or county or if you did not live in Virginia on January 1, 2016, enter the name of the city or county in Virginia in which you last lived. This is not always the same as the city or county of your mailing address.

FILING INFORMATION

Please check all boxes and complete all lines that apply.

- **Amended Return.** Check this box if this is an amended return. For more information, please refer to the "Amended Return"

section of these instructions. Also check this box if the reason for amending your return is the result of a net operating loss (NOL). For more information, please refer to the "Net Operating Loss" section of these instructions.

- **Dependent on Another's Return.** Check the box if you can be claimed as a dependent on someone else's return. If you check this box and claim the Virginia standard deduction on Line 13, see "Exception: Dependent's Limited Standard Deduction" on Page 11. Your standard deduction may be limited.
- **Overseas on Due Date.** Check this box if you were living or traveling outside the United States or Puerto Rico (including serving in the military or naval service), on May 2, 2016. File your return by **July 1, 2016**.
- **Qualifying Farmer, Fisherman or Merchant Seaman.** Check this box if you are a self-employed farmer, fisherman or merchant seaman and at least 2/3 of your gross income is from those employments. This information is used to identify farmers, fishermen and merchant seamen subject to special rules for paying estimated tax. See "Addition to Tax For Underpayment of Tax" for details.
- **Earned Income Tax Credit Claimed on Federal Return** If you claimed Earned Income Tax Credit on your 2015 federal return, enter the amount claimed.
- **Combined Social Security for You and Spouse reported as taxable income on Federal Return** If you reported taxable Social Security income on your 2015 federal return, enter the combined amount. This is especially important if claiming Age Deduction.

FILING STATUS

Enter the correct number in the box to identify your filing status.

In most cases, your filing status will be the same as the one you selected on your federal return.

Same-sex couples that are married under the law of any state are recognized as married couples for Virginia income tax purposes. For more information, see Virginia Tax Bulletin 14-7 (Public Document 14-174, 10/7/14).

Filing Status 1 - Single

Use this filing status if you claimed one of the following federal filing statuses on your federal return: Single, Head of Household, or Qualifying Widow(er). If you claimed the Head of Household filing status on your federal return, check the "Single" filing status box and the "Head of Household" box.

Filing Status 2 - Married, Filing Joint Return

You and your spouse may choose to file a joint return if (a) you computed your federal income tax liabilities together on a joint federal return, or (b) neither you nor your spouse was required to file a federal return. You may claim this filing status even if your spouse has no income. When filing a joint return, your spouse's exemption is included in the "You" column. Do not claim your spouse as a dependent.

 If both spouses have income, filing a combined return (Filing Status 4) may result in a lower balance due or a greater refund than a joint return (Filing Status 2).

Filing Status 3 - Married, Filing Separate Return

If you and your spouse filed separate federal returns, you can file separate state tax returns or you can choose to file a combined return (Filing Status 4). Generally, if you filed a joint federal return and only one spouse is a Virginia resident, the Virginia resident must file a separate Virginia return unless both spouses elect to determine their joint Virginia taxable income as if they were both Virginia residents. When you file separate returns in Virginia, you must report your federal adjusted gross income, exemptions

and deductions on your Virginia return as if you had filed separate federal returns. Federal rules must be applied to determine the exemptions and itemized deductions allowed when filing separate returns. If one spouse claims itemized deductions, the other spouse must also claim itemized deductions.

If the number of dependent exemptions or the amount of itemized deductions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse's income (e.g., federal adjusted gross income).

Be sure to enter your spouse's name on the line provided in the Filing Status section and your spouse's Social Security Number in the name and address section of the return.

Filing Status 4 - Married, Filing Separately on This Combined Return

You can use this filing status if **both** you and your spouse had income, regardless of whether you filed jointly or separately for federal purposes. When both spouses have income, this filing status usually enables a couple to compute a lower tax than filing a joint return (Filing Status 2). If you choose Filing Status 4, you are jointly and severally liable for the amount of tax due and any refunds will be made jointly payable.

Since Virginia's income tax is imposed at graduated rates, a couple with income attributable to each spouse may find that by using Filing Status 2, their joint income is taxed at a higher rate than their separate incomes would be. Filing Status 4 is designed to adjust for this difference. Filing Status 4 allows a couple to compute a combined tax by reporting income for each spouse separately and then allocating dependent exemptions and deductions as mutually agreed. Tax is computed on each spouse's separate taxable income and then the 2 amounts of tax are added together to determine their total tax.

 Use Filing Status 2 instead of Filing Status 4 if only 1 spouse had income or if 1 spouse's income would be reduced to zero or less after claiming personal exemptions and subtractions.

When using Filing Status 4, each spouse must claim his or her own income, personal exemptions and, if allowable, any additional exemption for age or blindness. The number of dependent exemptions may be allocated between spouses as you mutually agree. Each spouse has a separate exemption line.

EXEMPTIONS

Enter the number of exemptions you are allowed in the appropriate boxes. If filing a joint return (Filing Status 2), enter the number for both spouses combined in the boxes in Column A. Use the exemption information when completing Line 14.

Dependents Generally, you may claim the same number of dependent exemptions allowed on your federal return. If you are using Filing Status 3 or 4, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

65 or Over To qualify for this additional personal exemption, you must have been age 65 or older on or before January 1, 2016.

Blind To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

HOW TO ENTER NUMBERS

Use the Correct Column: Enter numbers in Column A if you are using Filing Status 1, 2 or 3. Enter numbers in Columns A and B

only if you are using Filing Status 4. When using Filing Status 4, make sure the information in Column A applies to the name and Social Security Number listed first on the return. Column B is for your spouse.

Round to Whole Dollars: To improve accuracy of return preparation and speed the processing of your return, all amount entries on your return must be rounded to the nearest dollar. Amounts of 1 cent to 50 cents are to be rounded down while all amounts 51 cents to 99 cents are to be rounded up.

Negative Numbers: Enter negative numbers (numbers less than 0) in brackets. For example, if your federal adjusted gross income was negative 12,000, enter this as [12,000].

Date of Birth

Please be sure to provide this information. It is used to assist in the verification of taxpayer identity. If you are filing a joint return, enter your date of birth and your spouse's date of birth in the same order as your names and Social Security Numbers.

Line 1 - Adjusted Gross Income

The Virginia Schedule of Income *must* be completed before you make an entry on Line 1. Complete the Virginia Schedule of Income, Part 1, Lines 1 through 9, then enter the total amount of federal adjusted gross income on Line 1 as follows. The instructions for the Virginia Schedule of Income are on Page 14. Enclose the completed Virginia Schedule of Income with your return.

Filing Status 1, 2 or 3

Enter the amount from Schedule of Income, Part 1, Line 7, Column A1, on Line 1, Column A.

Filing Status 4

Enter the amount from Schedule of Income, Part 1, Line 7, Column B1, on Line 1, Column B, and enter the amount from Line 7, Column A1, on Line 1, Column A. When using Filing Status 4, the total of Column A and Column B on Line 1 *must* equal the total federal adjusted gross income on your federal return.

Line 2 - Additions

If you reported any additions on Virginia Schedule 760PY ADJ, enter the total amount from Line 3 of Schedule 760PY ADJ.

Line 4 - Qualifying Age Deduction

Enter your birth date in the boxes above Line 1 on Page 1. If filing status 2, 3 or 4 enter birth date for both you and spouse.

If filing status 4, enter **your** age deduction on Line 4a, Column A and the deduction for **spouse** on Line 4b, Column B. Otherwise, claim Your Age Deduction on Line 4a, Column A and Spouse's on Line 4b, Column A.

If claiming an Age Deduction, see the Age Deduction instructions on Page 29 and complete the Age Deduction Worksheet on Page 32 in order to calculate the Qualifying Age Deduction.

Line 5 - Social Security Act and Equivalent Tier 1 Railroad Retirement Act Benefits

Enter Social Security and equivalent Tier 1 Railroad Retirement Act benefits reported as taxable income on your federal return and attributable to your period of residence in Virginia.

Do not include Tier 2 Railroad Retirement Benefits and Other Railroad Retirement and Railroad Unemployment Benefits. See instructions for Schedule 760PY ADJ to determine if these benefits can be included as other subtractions.

Line 6 - State Tax Refund or Overpayment Credit Reported as Income on Federal Return

Enter the amount of any state income tax refund or overpayment credit reported as income on your federal income tax return and received while a resident of Virginia (claim in the same column as the income was reported on Line 6 on the front of the Virginia return).

State, local or foreign income taxes withheld from your salary, estimated tax payments or payments made on tax for a prior year to such taxing authority may be deducted on your federal return for the year withheld or paid. The federal deduction is for the amount paid rather than the tax liability, so a refund or credit is generally treated as taxable income (a recovery of an excessive deduction) on the federal return. Since Virginia does not allow the state and local income tax deduction, a federally taxable refund or overpayment credit is to be deducted from federal adjusted gross income on the Virginia return.

Line 7 - Income Attributable to Your Period of Residence Outside Virginia

Enter the amount from the Virginia Schedule of Income, Part 1, Line 9, Column A3, in Column A. Enter the amount from Part 1, Line 9, Column B3, in Column B.

If you claim this subtraction, you cannot claim a credit for tax paid to another state on the same income.

Line 8 - Subtractions

If you reported any subtractions on Virginia Schedule 760PY ADJ, enter the total amount from Line 7 of Schedule 760PY ADJ.

Line 10 - Virginia Adjusted Gross Income

Deduct Line 9 from Line 3 and enter the result.

If the amount on Line 10 is less than the amount shown below for your filing status, your Virginia income tax is \$0.00 and you are entitled to a refund of any withholding or estimated tax paid.

To claim a refund in these cases:

- Complete Lines 11 through 18 and enter "0.00" as your tax on Line 19.
- Complete Lines 20 through 38.

Filing Status	Filing Threshold
1. Single.....	\$11,950
2. Married, filing jointly.....	\$23,900
3. Married, filing separately.....	\$11,950
4. Married, filing combined return*.....	\$23,900

* When filing a combined return, compare the threshold to the total of Columns A and B, Line 10.

DEDUCTIONS

Claiming Deductions When Filing a Combined Return: If you are filing a combined return (Filing Status 4), you can allocate deductions and dependents between spouses as you choose. As a general rule, you can lower your combined tax by assigning deductions and dependents to each spouse so that the taxable incomes in Columns A and B are as close to equal as possible. The deductions and dependents which can be allocated are on Lines 13, 14 and 15.

Line 11 - Itemized Deductions

Enter the total itemized deductions claimed on federal Schedule A (or the FDC Worksheet if you have an addition or subtraction due to Fixed Date Conformity) paid while a resident of Virginia.

You must claim the same type of deductions (standard or itemized) on the Virginia return as claimed on your federal return. If a joint

federal return was filed and you are filing separate returns in Virginia (Filing Status 3), and claiming itemized deductions, itemized deductions that cannot be accounted for separately must be allocated proportionately between spouses based on each spouse's share of the federal adjusted gross income.

Virginia Itemized Deductions

If you claimed itemized deductions on your federal income tax return, you must claim itemized deductions on your Virginia income tax return. Your allowable itemized deductions on Form 760PY are expenses claimed on federal Schedule A for which payment was made while you were a Virginia resident. State and local income tax claimed as an itemized deduction on your federal return is not allowed as a Virginia deduction. If you have an addition or subtraction due to Fixed Date Conformity, you must complete the FDC Worksheet to compute your Virginia itemized deductions. Enclose a copy of your federal return, including Schedule A.

Before making an entry on Line 12, check to see if your total itemized deductions were limited on your federal return. Your deduction may be limited if your federal adjusted gross income is more than \$309,900 if married filing jointly or qualifying widow(er), \$284,050 if head of household, \$258,250 if single, or \$154,950 if married and filing a separate return. The amount of state and local income tax reported on federal Schedule A must be reduced proportionately to reflect any reduction in total itemized deductions. Complete the ITEMIZED DEDUCTIONS WORKSHEET if you are subject to the limitation. **If you did not claim any state and local income tax on federal Schedule A, enter "0.00" on this line.**

Line 13 - Virginia Deductions

If claiming itemized deductions, subtract Line 12 from Line 11. **The copy of your federal income tax return enclosed with Form 760PY must include the Schedule A.** If you are not claiming itemized deductions, enter the amount from Line 5 of the Standard Deductions Worksheet.

If you did not claim itemized deductions on your federal income tax return, you must claim the standard deduction on your Virginia income tax return. Your allowable standard deduction on Form 760PY will be prorated based on the portion of your federal adjusted gross income that was received while a resident of Virginia.

Standard Deductions Worksheet

1	Enter the federal adjusted gross income (Total Part 1, Line 9, Columns A1 and B1 from Schedule of Income).		
2	Enter the income attributable to your period of Virginia residence (Total Part 1, Line 9, Columns A2 and B2 from Schedule of Income).		
3	Divide the amount on Line 2 by the amount on Line 1 and report as a percentage, not to exceed 100%. Example: 0.3163 becomes 31.6%.		.
4	If using Filing Status 1, enter \$3,000. If using Filing Status 2 or 4, enter \$6,000. If using Filing Status 3, enter \$3,000.		
5	Multiply Line 3 by Line 4. Enter here and on Line 13, Form 760PY.		

When using Filing Status 4, the standard deduction may be allocated between each spouse as you mutually agree. As a general rule, you can lower your combined tax by assigning deductions (Lines 13 and 15) and dependents (Line 14) to each spouse so that the taxable incomes in Columns A and B are as close to equal as possible.

Exception: Dependent's Limited Standard Deduction

If you could be claimed as a dependent on the federal income tax return of another taxpayer, your allowable standard deduction may not exceed the amount of your earned income. This rule applies to dependents of all ages, including children under age 19 and full-time students under 24 years old who are eligible to be claimed as a dependent on their parent's return.

Remember to check the box on the front of Form 760PY if you can be claimed as a dependent on another's return. Your maximum standard deduction is the *lesser* of EARNED INCOME; or

1. \$3,000 if you are single (Filing Status 1)
2. \$6,000 if you are married and file a joint or combined return (Filing Status 2 or 4)
3. \$3,000 if you are filing a separate return from your spouse (Filing Status 3).

EXAMPLE: (Standard Deduction Limited):

A person (claimed as a dependent on another's return) moved to Virginia on June 25, 2015. Before moving to Virginia he had unearned income of \$5,000 in another state. While in Virginia he had interest income from a bank account (unearned income) of \$4,200 and income from a summer job of \$1,200 (earned income).

This person's limited standard deduction to be entered on Line 13 is \$622.80 which should be rounded to \$623.

Using the Standard Deductions Worksheet, the limited standard deduction is computed by multiplying the maximum limited standard deduction on Line 4, which is \$1,200 of earned income, by the percentage on Line 3, which would be 51.9%. Line 4 is \$1,200 because the \$1,200 of earned income is less than the \$3,000 standard deduction for a single taxpayer.

NOTE: The return of a taxpayer claiming a child (or other person) as a dependent is not affected if the child is required to claim a limited standard deduction.

Line 14 - Exemption Amount

The total exemption amount is the prorated number of exemptions claimed, based on the portion of the year you resided in Virginia. Complete the Prorated Exemption Worksheet in Part 2 of the Virginia Schedule of Income to compute your allowable personal and dependent exemptions. Line 25 - Credit for Tax Paid to Another State

Generally, Virginia will allow taxpayers filing resident individual income tax returns to claim credit for income tax paid as a nonresident to another state on earned or business income derived from sources outside Virginia or any gain (if included in federal adjusted gross income) on the sale of a capital asset outside Virginia, provided the income is taxed by Virginia as well as the other state.

If you are eligible, calculate the credit by completing Schedule OSC. Enter on Line 25 the credit amount from Schedule OSC, Line 21. Instructions for Schedule OSC are on Page 30.

Line 26 - Credit for Political Contributions

If you are claiming a Political Contributions Credit, enter the amount of the credit. The Political Contributions Credit is available to individuals who make contributions to candidates for state or local political office. The credit is 50% of the amount of the contribution, subject to a \$25 limit for individuals and a \$50 limit for married taxpayers filing jointly and cannot exceed your tax liability.

If you leave Line 34 blank, the Department will compute the addition to tax, penalty and interest for you and then send you a bill, if applicable. If your income varied during the year, however, you may be entitled to a lower addition to tax than what the Department would automatically compute. In such cases, you should complete Form 760C to show when the income was received and what the addition to tax should be.

Enclose Form 760C or Form 760F (for Farmers, Fishermen or Merchant Seamen) if you computed the addition to tax

and/or if you are claiming one of the exceptions that voids the addition to tax.

Line 35 - Consumer's Use Tax

You are required to pay consumer's use tax on purchases, leases, and rentals of tangible personal property acquired in or outside Virginia for storage, use or consumption in Virginia if retail sales and use tax was not collected on the transaction. Examples include untaxed purchases made (1) over the Internet, (2) through out-of-state mail order catalogs, or (3) while traveling out-of-state.

If the amount of purchases from out-of-state mail order catalogs totaled \$100 or less for the entire year, you do not have to pay consumer's use tax on these purchases. If the purchases were from out-of-state mail order catalogs and exceed \$100, or the purchases were of any amount from sources other than mail order catalogs, then you must pay consumer's use tax on the total amount of untaxed purchases made during the calendar year from all sources. The tax is based on the "cost price" of the goods and does not include separately stated shipping or delivery charges but it does include any "shipping and handling" charges if listed as a combined item on the sales invoice.

Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment, or prevention of disease in human beings are exempt from the consumer's use tax.

Direct Deposit - *Get your refund faster:* Have your refund deposited directly into your bank account.

Fill in the bank account information and indicate whether the account number is for a checking or savings account.

Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit www.tax.virginia.gov for details.

Bank Routing Number: Enter your bank's 9-digit routing transit number printed on the bottom of your check. The first 2 digits of the routing number must be 01 through 12 or 21 through 32. Bank Account Number: Enter your bank account number up to 17 digits. Do not enter hyphens, spaces or special symbols. *Do not include the check number.*

If you prefer to have a refund check mailed to you, or if the destination of the funds is outside the territorial jurisdiction of the United States, do not complete the Direct Bank Deposit information.

Authorization to Discuss with Preparer

- **I (we) authorize the Department of Taxation to discuss this return with my (our) preparer.**

Check this box if you would like to give the Department authorization to discuss your return information with your tax preparer.

Electronic Form 1099-G

At the bottom of the return above the signature area, a check box is provided for you to indicate that you agree to receive your statement of refund (Form 1099-G) electronically instead of receiving a copy by mail. Paper copies of these statements will be mailed to taxpayers who do not opt into the electronic delivery method. If you previously selected the electronic delivery method and decide to change, submit a written request to the Department using the contact information on Page 3 of this booklet. Form 1099-G/1099-INT is an informational statement issued by the Department in January of each year to report payments made or credited to taxpayers during the previous calendar year. The statement is also provided to those who receive interest payments of \$10 or more during the year. These statements must be used in preparing federal returns by taxpayers who itemize deductions. Form 1099-G/1099-INT may be downloaded securely and printed from the Department's website, www.tax.virginia.gov.

SCHEDULE OF INCOME LINE INSTRUCTIONS

Part 1 - Income Distribution

Your return will not be accepted as complete unless Part 1 is completed. The purpose of the Income Distribution section of the Virginia Schedule of Income is to allocate the items that constitute federal adjusted gross income between Virginia and another state. Column 1, Lines 1 - 9, is an abridged version of federal Form 1040, 1040A or 1040EZ. Use Lines 1 - 3 to report all income. Use Line 5 to report all moving expenses included as adjustments to total income on the federal return. Use Line 6 to report all other adjustments to total income on the federal return. **The sum of Line 7, Columns A1 and B1 must equal the federal adjusted gross income on your federal Form 1040, 1040A or 1040EZ.** Base the allocation on where you were a resident when you received the income or paid the expense.

Note: If claiming Filing Status 4, complete both the “A” and “B” sections of the schedule. For all other filing statuses, complete only the “A” section. References to Column 1, 2 or 3 mean Column A1, A2 or A3 (or B1, B2 or B3).

Line 1 - Wages, Salaries, Tips, Etc.

Enter in Column 1 the total amount of wages as shown on federal Form 1040, 1040A or 1040EZ. In Column 2, enter the portion of wages attributable to your period of residence in Virginia. Enter the balance in Column 3.

Line 2 - Pension and Other Income

Enter in Column 1 the net amount of other income as shown on federal Form 1040 or 1040A. This includes, but is not limited to, refunds of state and local income taxes, alimony received, business income, taxable pensions and capital or other gains and losses. In Column 2, enter the portion of other income attributable to your period of residence in Virginia. Enter the balance in Column 3.

Line 4 - Gross Income

Add Lines 1, 2 and 3 and enter the total here.

Line 5 - Adjustments: Moving Expenses

Enter in Column 1 the total moving expenses claimed as an adjustment to income on federal Form 1040. If you moved to Virginia, claim the moving expenses in Column A2 and/or B2 as an expense to Virginia income. If you moved outside of Virginia, claim the moving expenses in Column A3 and/or B3. Moving expenses are considered an expense to the income from the state to which you move.

Line 6 - Other Adjustments to Income

Enter in Column 1 all adjustments to income as shown on federal Form 1040 or 1040A other than the moving expenses included on Schedule of Income, Line 5. This includes, but is not limited to, reimbursed employee business expenses, payments to an IRA and alimony paid. In Column 2, enter the portion of these adjustments that is attributable to your period of residence in Virginia. Enter in Column 3 the balance of these adjustments.

Line 7 - Federal Adjusted Gross Income

Subtract the total of Line 5 and Line 6 from Line 4 and enter the balance here. The total of Column 1 must equal your federal adjusted gross income on your federal return. If using Filing Status 4, the total of Columns A1 and B1 must equal your federal adjusted gross income on federal Form 1040, 1040A or 1040EZ.

Enter the totals of Columns A1 and B1 on Line 1, Form 760PY (front). If the Schedule of Income and Adjustments is properly completed, the sum of Columns 2 and 3 will equal your federal adjusted gross income as shown in Column 1.

Line 8 - Net Fixed Date Conformity Modifications

Complete Schedule 760PY ADJ, Lines 2a and 6a, and enter the net amount on Line 8, Column 1 of the Schedule of Income. In Column 2, enter the portion attributable to your period of residence in Virginia. Enter the balance in Column 3.

Line 9 - Fixed Date Conformity FAGI

Combine Line 7 and Line 8 and enter the result. Enter the total of Line 9, Column 3, on Form 760PY, Line 7.

Note: If you are claiming the standard deduction on your return, the total of Line 9, Columns A1 and B1, must be entered on Line 1 of the Standard Deduction Worksheet on Page 11.

Part 2 - Prorated Exemption Worksheet

The prorated exemptions worksheet is used to reduce your personal and dependent exemptions to an amount which is proportional to the number of days you resided in Virginia during the taxable year. For example, if you are single, claim no dependents and moved to Virginia on July 1, your prorated Virginia personal exemption is computed as follows:

Prorated Virginia Personal Exemption

\$930 (One personal exemption)

X .504 (Ratio Schedule factor for July 1 move to Virginia)

\$468.72 (Be sure to round to \$469.00)

Each spouse must compute his or her own prorated personal exemptions based on the number of exemptions claimed in the Exemption Section. Use the separate exemption amounts for “you” and your “spouse” when completing Lines 1-11 of the Prorated Exemption Worksheet in Part 2 of the Schedule of Income. Enter in the appropriate column on Form 760PY, Line 14. If claiming Filing Status 2, the combined exemption amount for you and spouse should be entered on Form 760PY, Line 14, column A.

Exception

If 100% of your federal adjusted gross income was earned while you were a Virginia resident, you do not have to prorate your personal exemptions. If you are married, each spouse’s personal exemption is prorated separately based on that spouse’s period of residence in Virginia. However, if 100% of either spouse’s income is from Virginia sources, that spouse’s personal exemption does not have to be prorated.

If you moved into and out of Virginia during the year (or vice versa), base the proration on the total number of days that you were a Virginia resident.

When using Filing Status 3, if the number of exemptions *cannot* be accounted for separately, they *must* be proportionately allocated between each spouse based upon each spouse’s income.

Part 3 - Moving Information

If you moved into Virginia during the year, enter your prior state or foreign country of residence. If you are filing a joint return, also enter the prior state or foreign country of residence for your spouse.

If you moved out of Virginia during the year, enter the state or foreign country to which you moved. If you are filing a joint return, also enter the state or foreign country to which your spouse moved.

SCHEDULE 760PY ADJ LINE INSTRUCTIONS

FIXED DATE CONFORMITY UPDATE FOR 2015

Virginia’s Fixed Date Conformity with the Internal Revenue Code: Virginia’s date of conformity with the Internal Revenue Code (IRC) was advanced from January 2, 2013 to December 31, 2014, with limited exceptions. Virginia will continue to disallow any bonus depreciation allowed for certain assets under IRC §§ 168(k), 168(l), 168(m), 1400L and 1400N; the 5-year carryback of federal net operating loss deductions generated in Taxable Year 2008 or 2009; and federal income tax deductions for applicable high yield discount obligations under IRC § 163(e)(5)(F).

At the time these instructions went to print, the only required adjustments for “fixed date conformity” were those mentioned

above. However, if federal legislation is enacted that results in changes to the IRC for the 2015 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

**ADDITIONS TO
FEDERAL ADJUSTED GROSS INCOME**

Line 1 - Interest on Obligations of Other States

Enter the interest earned while a Virginia resident that was not included in federal adjusted gross income, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such state unless created by compact or agreement to which this state is a party.

B. Other Changes Not Listed Above - Add any other amounts not covered above that should be adjusted because of Virginia's conformity to the Internal Revenue Code as it existed on December 31, 2014. C. Total of Lines A and B - Enter the total of Lines A and B here and on Schedule 760PY ADJ, Line 2a. _____

Mutual Funds

If you received federally tax exempt interest dividends from a regulated investment company (mutual fund) that invested in obligations both taxable and exempt for Virginia purposes, the entire dividend income earned while you were a Virginia resident must be entered as an addition unless you enclose a statement provided by the fund that:

- details the amount of dividends you earned while a Virginia resident; and
- summarizes the prorations between exempt and taxable dividends (monthly breakdown is preferred).

A typical situation would involve a mutual fund that invests in bonds of several states, including Virginia. The interest on the bonds issued by the other state is taxable for Virginia purposes even though exempt for federal purposes. Unless the taxpayer is able to substantiate the amount attributable to the Virginia bonds, the total amount of dividends exempt from federal taxation will be an addition on the Virginia return.

If you enclose the information specified above, enter the exempt portion of income on Line 1 or Line 2, as appropriate.

Lines 2b - 2c - Other Additions

On Lines 2b - 2c, enter the 2-digit code listed below, followed by the amount, for any additions to federal adjusted gross income. **If you have more than 2 additions on Lines 2b - 2c of Schedule 760PY**

ADJ, enter code "00" and the total addition amount on Line 2b and enclose an explanation of each addition to your return.

Each disposition must be tracked separately for purposes of this adjustment.

16 Telework Expenses

Individuals who claim the Virginia Telework Expenses Tax Credit are not allowed to exclude those expenses from Virginia income. To the extent excluded from federal adjusted gross income, any expenses incurred by a taxpayer in connection with the Telework Expenses Tax Credit must be included as an addition on the Virginia return.

17 First-Time Home Buyer Savings Accounts

To the extent excluded from federal adjusted gross income, an account holder must add any loss attributable to his or her first-time home buyer savings account that was deducted as a capital loss for federal income tax purposes. **SUBTRACTIONS FROM
FEDERAL ADJUSTED GROSS INCOME**

To the extent included in federal adjusted gross income, the following subtractions are allowed on the Virginia return. No amount previously excluded from FAGI can be claimed as a subtraction in computing Virginia taxable income. The same income may not be included in more than one subtraction.

Special instructions for members of the military Virginia law provides three subtractions for military servicemembers.

- military pay and allowances earned while serving in a combat zone or qualified hazardous duty area (Va. Code § 58.1-322 C 21);
- military basic pay for personnel on extended active duty for periods in excess of 90 consecutive days (Va. Code § 58.1-322 C 23); and
- wages or salaries received for active and inactive service in the National Guard of the Commonwealth (Va. Code § 58.1-322 C 11).

Servicemembers may be eligible for more than one subtraction, but the same income may not be included in more than one subtraction. For example, a servicemember may not deduct the same income for both the military basic pay subtraction and the National Guard subtraction.

Mutual Funds

If you received income from a regulated investment company (mutual fund) that invested in obligations both taxable and exempt for Virginia purposes, the entire income earned while you were a Virginia resident must be considered taxable by Virginia unless you enclose a statement provided by the fund that:

The subtractions claimed by an account holder in all prior taxable years are subject to recapture in the taxable year in which account funds are withdrawn for any other purpose.

To claim the subtraction, an individual must designate an account as a first-time home buyer savings account. An individual may designate an account by submitting an enclosure with their Virginia income tax return for the first taxable year in which such individual claims the subtraction. An individual must submit separate documentation for each account that he or she is designating. The documentation must include the following information:

- The name and address of the financial institution that maintains the account;

designated more than one existing first-time home buyer savings account, the account holder is required to submit separate documentation with updated information for each account. More information is available in the First-Time Home Buyer Savings Account Guidelines, which are available in the Laws, Rules & Decisions section of the Department's website at www.tax.virginia.gov.

ADDITION TO TAX, PENALTY AND INTEREST

Addition to Tax for Underpayment of Tax

Even if your return results in a refund, you may owe an “addition to tax” for underpaying your withholding or estimated tax. Virginia law requires that you pay your income tax in timely installments throughout the year by having income tax withheld or making payments of estimated tax. If you do not pay at least 90% of your tax in this manner, you may be charged an addition to tax.

There are 4 (quarterly) installment periods for determining whether you underpaid your tax for the year. If your taxable year is from January 1 through December 31, your quarterly payments are due May 1, June 15, September 15 and January 15 (of the following year). Underpayments are determined as of each installment due date, so an overpayment in one quarter cannot cancel out an underpayment for a previous quarter. The addition to tax does not apply if each payment is made on time and:

- the total tax paid through withholding and timely estimated tax payments is at least 90% (66 2/3% for farmers, fishermen or merchant seamen) of the current year’s tax liability (after nonrefundable credits) or 100% of last year’s tax liability (after nonrefundable credits);
- the sum of the quarterly underpayments for the year is \$150 or less; or
- you meet one of the exceptions computed on Form 760C or Form 760F. Enclose Form 760C or 760F showing the computation.

Line 18 - Addition to Tax

Enter the amount of the addition to tax computed on Form 760C (for individuals, estates and trusts) or Form 760F (for farmers, fishermen or merchant seamen). If you underpaid your estimated income tax or had insufficient income tax withheld for the taxable year, you may owe the “addition to tax” computed on Form 760C or Form 760F.

Line 19 - Penalty

The due date for filing a calendar year return is May 1, and the automatic extension provisions apply to returns filed by November 1. Depending on when you file your return, you may be required to compute an extension penalty or a late filing penalty.

For more information on due dates and penalty provisions, refer to When to File Your Return section in these instructions.

Extension penalty: If you file your return within 6 months after the due date and the amount of tax due with the return is more than 10% of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of 2% per month or part of a month, from the due date through the date of filing. The maximum extension penalty is 12% of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of 6% per month or part of a month from the date the return is filed through the date the tax is paid, up to a maximum of 30%. The late payment penalty is imposed in addition to the extension penalty.

Late filing penalty: If you file your return more than 6 months after the due date, no extension provisions apply, and you must compute a late filing penalty of 30% of the tax due with your return.

QUALIFYING AGE DEDUCTION

To compute your income based age deduction, use the Age 65 and Older Income based Age Deduction Worksheet on Page 32.

Are you eligible to claim an age deduction?

For 2015, taxpayers born on or before January 1, 1951, may qualify to claim an age deduction based on birth date, filing status and income. A taxpayer who qualifies to claim an age deduction may **NOT** also claim a disability income subtraction, Credit for Low-Income Individuals, or Virginia earned income credit.

For married taxpayers, each eligible spouse may take either an age deduction or a disability income subtraction. Neither spouse may claim an age deduction if 1 spouse claimed a Credit for Low-Income Individuals or Virginia earned income credit, even if filing separate returns. Claim the deduction or subtraction that gives you the greatest tax benefit.

If you or your spouse are not claiming a disability subtraction and you, or your spouse, are not claiming a Credit for Low-Income Individuals and your birth date is on or before January 1, 1951, please read the instructions below to determine if you qualify for an age deduction and the amount of the age deduction you may claim for 2015.

Taxpayers Age 65 and Older

If you, or your spouse if you are married, were **born on or before January 1, 1951**, you may qualify to claim an age deduction of up to \$12,000 each for 2015.

The age deduction you may claim will depend upon your birth date, filing status and income.

If your birth date is:

- **On or before January 1, 1939**

Your age deduction is not income based. You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For a spouse born after January 1, 1939, the age deduction for that spouse is based on the criteria below.

Multiply the age deduction by the ratio amount from the Ratio Schedule on Page 33 when computing the deduction amount. Enter the adjusted amount on Form 760PY, Line 4.

- **On or between January 2, 1939, and January 1, 1951**

Your age deduction is based on your income. A taxpayer's income, for purposes of determining an **income based age deduction**, is the taxpayer's *adjusted federal adjusted gross income* or AFAGI.

A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments, minus Social Security and Tier 1 Railroad Benefits.

- For Filing Status 1, single taxpayer, the maximum allowable age deduction of \$12,000 is reduced \$1 for every \$1 the taxpayer's AFAGI exceeds \$50,000.
- For all married taxpayers, whether filing jointly or separately, the maximum allowable age deduction of \$12,000 each is reduced \$1 for every \$1 the married taxpayers' joint AFAGI exceeds \$75,000.

To compute your income based age deduction, use the Age 65 and Older Income Based Deduction Worksheet on Page 32.

Notice to ALL Married Taxpayers

A married taxpayer's **income based age deduction** is **always** determined using the married taxpayers' **joint AFAGI**. Regardless of whether you are filing jointly or separately, if you are married, your income based age deduction is determined on the combined income of both spouses.

In addition, if both spouses are claiming an **income based age deduction**, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first and then allocate half the joint age deduction to each spouse.

CREDIT FOR TAX PAID TO ANOTHER STATE (Schedule OSC Instructions)

Compute all credits for taxes paid to other states on Schedule OSC and enter the total credit claimed on Line 25 of Form 760PY.

Generally, Virginia will allow taxpayers filing resident individual income tax returns to claim credit for income tax paid as a nonresident to another state on earned or business income derived from sources outside Virginia or any gain (if included in federal adjusted gross income) on the sale of a capital asset outside Virginia, provided the income is taxed by Virginia as well as the other state.

If you are a resident of Virginia and the income is from Arizona, District of Columbia, California or Oregon, the credit will usually be allowed on the nonresident income tax return of the other state and should not be claimed on the Virginia resident return.

See *Va. Code* § 58.1-332 for more information on credits for taxes paid to other states.

Special Computation Involving States Bordering Virginia

You qualify for a special computation of the out-of-state tax credit for income tax paid to a state which borders Virginia if:

1. You are required to file an individual income tax return with Virginia and only one other state.
2. The other state for which you are claiming a credit is one of the following states which borders Virginia: Kentucky, Maryland, North Carolina or West Virginia.
3. Your only income from the border state was earned income on wages and salaries (generally wages and salaries from which you received a Form W-2 or Form 1099, etc.) or business income reported on federal Schedule C.
4. Your Virginia taxable income is equal to or more than the taxable income on the tax return filed with the other state.

If you meet all of these qualifications, fill in the border state oval and enter "100.0" in the Income Percentage field.

Line 1 - Filing Status

Enter the number listed below to identify the filing status claimed on the other state's tax return.

1. Single
2. Married Filing Jointly
3. Married Filing Separately
4. Unified (Composite Nonresident Return)
5. Other

Line 2 - Claiming Credit

Enter the number listed below to identify the person claiming the credit.

1. You
2. Spouse
3. You and Spouse

Line 3 - Qualifying Taxable Income

To be qualified, the income on this line must be included as taxable income on both the Virginia return and the other state's return. Enter the total taxable income from all of the following that apply to you to the extent that this income was taxed by the other state:

- Earned or business income derived from sources outside Virginia, which is subject to tax by Virginia as well as another state;
- Gain from the sale of a principal residence outside Virginia which was included in federal adjusted gross income;

- Gain from the sale of any capital asset not used in a trade or business; and
- Corporation income tax paid to another state (one that does not recognize the federal S corporation election), by an individual shareholder of an S corporation. Enclose a statement from the S corporation.

In some states, the tax is computed on total taxable income (from all sources) and then reduced by an allocation percentage. In these cases, you must multiply the total taxable income shown on the other state's return by the allocation percentage in order to determine the amount of income to enter on this line.

If you were taxed as a nonresident of another state while a Virginia resident, enter the amount of qualifying taxable income that is derived from sources in the other state on Line 3. The only exception to this rule involves income on which you were taxed as a nonresident of **Arizona, California, District of Columbia or Oregon**.

If you are a Virginia resident who is a shareholder in an S corporation that paid income tax to a state which imposes an income tax on the S corporation and the fiscal year of the S corporation ended while you were a Virginia resident, enter your share of the income subject to tax, as shown on the corporation income tax return filed with the other state.

Enclose a copy of the return(s) from the other state(s).

Line 4 - Virginia Taxable Income Tax

Enter the Virginia taxable income from Line 17 of Form 760PY.

Line 5 - Qualifying Tax Owed to the Other State

Enter the amount of tax liability reflected on the return you filed with the other state.

Line 6 - Identify the State

Enter the 2-character postal abbreviation for the other state.

Line 7 - Virginia Income Tax

Enter the amount from Form 760PY, Line 18. If you filed a joint return in the other state and you are using Filing Status 4 on your Virginia return, use the total from Columns A and B on Line 19.

Line 8 - Income Percentage

Divide Line 3 by Line 4. Compute the percentage to one decimal place. (For example, .3163 becomes 31.6%). If the result is greater than 100%, enter 100%. If the income from the other state is from Kentucky, Maryland, North Carolina or West Virginia, see "Special Computation Involving States Bordering Virginia" to determine the amount to enter on Line 8.

Line 9 - Virginia Ratio

Multiply Line 7 by Line 8.

Line 10 - Total

Enter the lesser of Line 5 or Line 9. Also enter on Form 760PY, Line 24.

Note: The sum of Schedule 760PY ADJ, Line 17 and Schedule OSC, Line 21 cannot exceed your tax liability. Lower the amount of this line if necessary to ensure sum does not exceed your tax liability.

Enclose a complete copy of the state tax return filed in the state for which you claim the credit. Copies of Forms W-2, W-2G, and 1099-R are not sufficient to verify payment of the tax to the other state.

If claiming more than one credit, continue to Line 11 of Schedule OSC and enter the total of all credits for taxes paid to other states on Line 21 and on Line 24 of Form 760PY.

Note: The sum of all nonrefundable credits claimed cannot exceed your tax liability as shown on Line 19 of Form 760PY. Nonrefundable credits include the Tax Credit for Low-Income Individuals and Credit for Tax Paid to Another State.

If your Virginia Adjusted Gross Income is less than the filing threshold, do not use the rate schedule or tax table below. Enter \$0.00 as your tax instead. See the instructions.

TAX RATE SCHEDULE

IF YOUR VIRGINIA TAXABLE INCOME IS:

Not over \$3,000, your tax is 2% of your Virginia taxable income.

over—	but not over—	your tax is—	of excess over—
\$ 3,000	\$ 5,000	\$ 60 + 3 %	\$ 3,000
\$ 5,000	\$17,000	\$ 120 + 5 %	\$ 5,000
\$17,000		\$ 720 + 5.75 %	\$17,000

Example

If your taxable income is \$90,000, your tax is \$720 + 5.75% of the amount over \$17,000.
This equals \$720 + (.0575 x \$73,000) = \$720 + \$4,197.50 = \$4,917.50 which should be rounded to
\$4,918.

TAX TABLE

The tax table can be used if your Virginia taxable income is listed in the table. Otherwise, use the Tax Rate Schedule.
