

Set-off Agency Prefixes

This document lists prefixes used to identify set-off agencies. This prefix is the first digit of an agency's code. When completing forms, the set-off agency must include the appropriate 1-digit prefix along with its FIPS and State Agency Codes.

For example, a locality would enter "2" as the prefix while a general district court would enter "4" as the prefix.

Type of Agency	Prefix
State Agencies	0
State Authorities	0
State Boards	0
Local Departments of Social Services	1
Cities	2
Counties	2
Towns	2
Local Authorities	2
