Instructions for Form EDC

Taxpayer Application for Qualified Equity and Subordinated Debt Investments Tax Credit

General Information

Under Va. Code § 58.1-339.4 (E), the Qualified Equity and Subordinated Debt Investments Tax Credit is capped at \$5 million annually. Of the amount of available credit, one-half of this amount must be allocated to commercialization investments and the other half is available for all other qualifying investments. If credit applications for either half exceed the allowed amount, the credits for that half will be prorated. If credit applications for either half are less than the allowed amount, the balance will be available for allocation to the other type of credits. This credit is allowed for taxable years beginning on or after January 1, 1999, but before January 1, 2026.

Taxpayers cannot receive a grant from the Small Business Investment Grant Fund and take the Qualified Equity and Subordinated Debt Investments Tax Credit for the same investment. In addition, taxpayers may not claim the subtractions for certain long-term capital gains for the same investment.

See Form QBA for the list of criteria a business must satisfy in order to become a qualified business.
