

Electronic Filing and Payment Requirement

You are required to electronically file Form VM-2 and submit payment using the Department's online services option available at **www.tax.virginia.gov**. Payments can be remitted by direct debit when filing the form or by an ACH credit transaction arranged through your financial institution.

Virginia Tax online services allow you to file your return at your convenience and schedule your direct debit payment for any date between the time you file online through the due date of the return.

Submit your return and payment as soon as possible after the close of the reporting period, but no later than the 20th day of the following month. A return must be filed for each monthly reporting period even if no tax is due.

Payments returned by the bank will be subject to a returned payment fee in addition to any other penalties that may be incurred.

If you are unable to meet the electronic filing requirements, you must request a temporary waiver. If you have been granted a waiver, mail your return and payment to **Virginia Department of Taxation, P.O. Box 26627, Richmond, VA 23261-6627**. Visit **www.tax.virginia.gov** for more information.

Explanation of “Cost Price” and “Cost of Manufactured Tangible Personal Property”

If you acquire items for sale through vending machines and resell without further manufacturing or processing, you must compute the tax using the cost price. If you manufacture or process the items sold through vending machines, you must compute the tax using the manufactured/processed cost.

Manufactured/processed cost includes raw material cost plus labor and overhead attributable to the manufacture of the items being sold. The method of accounting used for federal income tax purposes is used to determine manufactured cost. For example, if first-in, first-out is used for federal income tax purposes, this accounting method is used each month in computing cost price and manufactured cost of goods. Proper records must be maintained each month to substantiate cost price and cost of goods manufactured.

Regional Sales Taxes

Effective July 1, 2013, there is an additional 0.7% sales and use tax in the Northern Virginia and the Hampton Roads regions. Effective October 1, 2020, there is an additional 0.7% sales tax in the Central Virginia region. See instructions on the VM-2A Worksheet for a list of the localities in each region. The combined tax rate in these areas is 6% (5.0% state tax and 1% local tax). See Form VM-2A for more information.

Additional instructions are on the back of this sheet.

These forms should be used to compute and report the sales tax on tangible personal property sold through vending machines.

Forms VM-2 and VM-2V are used to report and pay the tax. Form VM-2B is used to allocate the local and regional sales amounts by locality and must be filed with Form VM-2. The VM-2A Worksheet, should be kept with your tax records.

Do not use these forms to report non-vending machine sales or use tax on non-taxed purchases. Non-vending machine sales (such as wholesale sales, over-the-counter sales, etc.) must be reported separately on the Form ST-1.
