

INSTRUCTIONS FOR COMPLETING

FORM 770

VIRGINIA FIDUCIARY INCOME TAX

RETURNS FOR 2023

COMMONWEALTH OF VIRGINIA
DEPARTMENT OF TAXATION
RICHMOND, VIRGINIA

What's New

Virginia's Conformity with the Internal Revenue Code

Effective for taxable years beginning January 1, 2023, Virginia will conform to the Internal Revenue Code (IRC) on a rolling basis, including any federal extenders, subject to certain exceptions. This allows Virginia to conform to federal tax changes to the IRC as soon as they are enacted by Congress. This also allows Virginia to conform to the Inflation Reduction Act and the Consolidated Appropriations Act of 2023.

Conformity refers to how closely Virginia follows definitions and other provisions of the federal tax code, including the definition of income. The 2023 General Assembly passed legislation that conforms Virginia's tax law to the federal tax code on a rolling basis, with certain exceptions. The legislation also sets guidelines for future federal law changes and their impact on Virginia returns.

For additional information regarding Virginia's conformity with the IRC and adjustments that may be required as a result of conformity legislation, visit www.tax.virginia.gov.

Virginia will continue to deconform from the following: bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts.

In addition, Virginia will continue to deconform from the following temporary changes made by the Coronavirus Aid, Relief, and Economic Security ("CARES") Act: suspension of certain NOL limitations for Taxable Years 2018, 2019, and 2020 and increasing the business interest limitation for Taxable Year 2019 and 2020. See Tax Bulletin 21-4 for more information.

At the time these instructions were published, the only required conformity adjustments were those mentioned above. However, if legislation is enacted that results in changes to the IRC for the 2023 taxable year, taxpayers may need to make adjustments to their Virginia returns that are not described in these instructions. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

Tax Credit Changes for 2023 Taxable Year

The following tax credits are new or include changes for the 2023 Taxable Year:

- Land Preservation Tax Credit (changes)
- Retroactive Pass-Through Entity Elective Tax Payment Credit (new credit)

See the Tax Credits section of these instructions for details on these credits. Additional information is also available at www.tax.virginia.gov.

General Information

Who Must File A Return

Resident Estate Or Trust: The fiduciary of a resident estate or trust must file a Virginia Fiduciary Income Tax Return (Form 770) if the estate or trust is required to file a federal Fiduciary Income Tax Return (Form 1041). "Resident estate or trust" means:

- The estate of a decedent who at death was domiciled in Virginia;
- A trust created by the will of a decedent who at death was domiciled in Virginia; or
- A trust created by, or consisting of property of, a person domiciled in Virginia.

Nonresident Estate Or Trust: The fiduciary of a nonresident estate or trust must file a Virginia Fiduciary Income Tax Return (Form 770) if the estate or trust had income or gain derived from Virginia sources and was required to file a federal Fiduciary Income Tax Return (Form 1041). "Income or gain from Virginia sources" means items of income or gain derived from:

- Real or tangible personal property located in Virginia;
- A business, trade, profession or occupation carried on in Virginia; or
- Intangible personal property, including annuities, dividends, interest, royalties and gains to the extent

that the income is attributable to a business, trade or occupation carried on in Virginia.

Charitable Remainder Trust: The fiduciary of a Charitable Remainder Trust must file a Virginia Fiduciary Income Tax Return (Form 770) and enclose a copy of the federal Split-Interest Trust Information Return (Form 5227).

Special Instructions: Check the box for "Exempt - Charitable Remainder Trust" under the FEIN area. On Line 3, enter zero for the amount of Virginia taxable income. Enclose the federal Schedule K-1 and a worksheet reporting the Virginia income received by recipients.

Who Should File A Return

An estate or trust that is not otherwise required to file, but which made payments of estimated tax or had income tax withheld during the taxable year, must file a Virginia Fiduciary Income Tax Return to claim a refund of those amounts.

Period Of Return And Accounting Method

The accounting period and method of accounting for Virginia purposes must be the same as the one used for federal purposes. If the taxable year or method of accounting is changed for federal purposes, the change must be applied to the Virginia return.

Signature And Verification

The return must be signed by the fiduciary or an authorized officer of the organization receiving or having custody or

control of the management of the estate or trust. If two or more individuals act jointly as fiduciaries, the return may be signed by any one of those individuals.

Penalties And Interest

Penalties: A fiduciary who fails to file or files a fraudulent return may be subject to civil and/or criminal penalties and interest charges.

The civil penalty for failing to file a return by the due date is 6% of the tax due for each month or part of a month from the due date through the date the return is filed, up to a maximum of 30%.

The civil penalty for failure to pay the tax due by the required due date is also 6% of the tax due for each month or part of a month from the due date through the date the tax is paid, up to a maximum of 30%. The late payment penalty is not imposed for any month in which the late filing penalty has already been applied. The total combined penalties for late filing and late payment may not exceed 30% of the tax due with the return.

The civil penalty for filing a false or fraudulent return, or failing or refusing to file any return with the intent to evade the tax, is an additional penalty of 100% of the correct amount of tax due.

Interest: Interest due on any tax and/or penalty will accrue at the daily rate established according to *Va. Code* § 58.1-15, from the date the tax or unpaid balance became due through the date that payment is made. The daily interest rate is the federal “underpayment rate,” plus 2%. The current interest factor may be obtained by calling the Department at **804.367.8031** or by visiting **www.tax.virginia.gov**.

Allocation Of Income To Beneficiaries

Va. Code §§ 58.1-361 and 58.1-363 require the allocation of Virginia modifications and Virginia taxable income to beneficiaries based on their respective share of the distributable net income of the estate or trust. A schedule or other statement of the income and modifications attributable to each beneficiary must be attached to Form 770 and provided to each beneficiary by the fiduciary on Schedule 5, Beneficiary’s Information (Federal Schedule K-1 Equivalent). It is not acceptable to require the beneficiary to compute his or her own modification from the federal information provided on the federal Schedule K-1.

If the beneficiaries will qualify for the credits available to Form 770 filers, the fiduciary must provide each beneficiary with the information from Schedule 5 necessary to compute and/or claim the credit(s).

The new PTET credit that is allocated to an estate or trust cannot subsequently be allocated to the beneficiaries.

Record Keeping

Fiduciaries should retain the records pertaining to each income tax return of the estate or trust for 3 years from the due date of the return or the date the return was filed, whichever is later. If the IRS extends the time required for the retention of federal records, the Virginia records should be kept for the same period of time.

Setoff Debt Collection Act

Before any refund can be issued, Virginia law requires the Department of Taxation to check for outstanding debts of the taxpayer with agencies of the Commonwealth of Virginia, Virginia local governments, the Virginia court system and the IRS. If any debts are found, regardless of the type of tax return filed, all or part of the refund may be withheld to satisfy the debt.

Filing Information

Where To Get Forms And Assistance

Assistance is available at the offices of the Commissioner of the Revenue, Director of Finance or Director of Tax Administration of every Virginia county and city. Addresses and telephone numbers for these offices are available at the back of these instructions. Since the Virginia return is based on federal information, you should have a complete copy of the federal Form 1041 on hand when you contact any of the above offices. You can download most Virginia tax forms from the Department’s website: **www.tax.virginia.gov**. You may order forms from the Department of Taxation at **804.367.8031**. **Address requests for information to Virginia Department of Taxation, P.O. Box 1115, Richmond, VA 23218-1115** or call **804.367.8031**. **Do NOT file the return at this address.** Tenemos servicios disponible en Español.

Where To File

Both original and amended returns are accepted electronically. If you are unable to file and pay electronically, Form 770 must be filed with the Commissioner of the Revenue, Director of Finance or Director of Tax Administration for the city or county in which the fiduciary qualified. If there has been no qualification in Virginia, the return should be filed with the Virginia city or county in which the fiduciary resides, does business, or has an office, or where one of the beneficiaries resides. The mailing addresses for the local offices are available at the back of these instructions.

Visit **www.tax.virginia.gov**, to make a payment online. Payments are electronically transferred from your savings or checking account. There is no fee charged by the Department.

When To File And Pay The Tax

Calendar year filers must file Form 770 no later than May 1, 2024. Fiscal year returns are due no later than the 15th day of the 4th month following the close of the taxable year. If the due date falls on a Saturday, Sunday or legal holiday, the return must be filed by the next succeeding day that is not a Saturday, Sunday or legal holiday. Returns can be filed and payments made electronically. If filing by paper, the return must be accompanied by full payment of the tax due as reported on the return. If not filing electronically, make checks payable to the Treasurer of the city or county where the return is filed.

Virginia Tax does not acknowledge receipt of paper filed returns and/or payments. If you need confirmation of delivery, consider using USPS Postal Service Tracking.

Estimated Tax

Trusts: Trusts must make payments of estimated tax if the income tax liability on Form 770 for the taxable year will exceed \$150.

Estates: Estates are not required to make estimated tax payments until the first taxable year that ends 2 or more years after the decedent's date of death. Estimated tax payments must be made for that taxable year and subsequent taxable years if the income tax liability will exceed \$150.

Estimated tax payments can be made using eForms, Web Upload or on paper by using Form 770ES. If Form 770ES is needed, see "Where to Get Forms and Assistance" earlier in this section. If the estimated tax is underpaid, the fiduciary may be subject to an addition to tax.

Addition To Tax For Underpayment Of Estimated Tax, Form 760C Or Form 760F

An addition to tax is assessed if the fiduciary did not pay enough estimated tax through timely payments or did not have enough income tax withheld throughout the year. The addition to tax does not apply if each payment is made on time and:

1. the total tax paid (including tax withheld and timely estimated tax paid) was at least 90% (66 2/3% for farmers, fishermen or merchant seamen) of the total 2023 tax liability or 100% of the income tax liability for 2022. To determine if the requirement is met, reduce the tax by the amount of all nonrefundable credits;
2. the sum of installment underpayments for the year is \$150 or less; or
3. you qualify for one of the exceptions shown on Form 760C (Form 760F for farmers, fishermen or merchant seamen).

If the estate or trust is subject to the addition to tax for underpayment of estimated tax, complete Form 760C or 760F and pay the amount computed on Form 760C or 760F. Computation of the Virginia underpayment of tax is similar to the federal computation. The addition to tax is reported on Form 770 by completing Line 11 of Schedule 1.

Extension Of Time For Filing

You are allowed an automatic 6-month extension of time to file your tax return. This provision does not extend the due date for payment of taxes; however, you must pay at least 90% of your tax by the original due date for filing the return (May 1, 2024 for calendar year filers). Payments of tentative tax must be made by the due date. Payments can be made using eForms, Web Upload, or by using **Form 770IP**. If you file your return during the extension period, but do not pay the tax due when you file your return, both the extension penalty and the late payment penalty may apply. The extension penalty will apply from the due date of the return through the date the return is filed and the late payment penalty will apply from the date the return is filed through the date of payment. To avoid paying the late payment penalty during the extension period, you must pay any tax owed **when you file the return**.

If you file your return within 6 months from the due date, but you do not pay at least 90% of your tax by the original due

date for filing your return, you will be subject to an extension penalty of 2% per month. The penalty is applied to the balance of tax due with the return from the original due date through the date of payment. The maximum extension penalty is 12% of the tax due. If you file more than 6 months after the original due date, the extension provisions will not apply, and you will be subject to the late filing penalty. In addition to these penalties, you will be subject to interest charges on any balance of tax due with your return, even if you meet the 90% payment requirement.

It is not necessary to file Form 770IP if you are CERTAIN that your tax return will result in a refund because penalties are not assessed on a refund return; however, by law the Department of Taxation may issue a refund only if the return is filed within 3 years of the original due date or extended due date on the return, whichever is later.

Amended Returns And Federal Adjustments

Estates and trusts are required to report to the Department federal adjustments and pay any additional amounts due within one year after the final determination date of such adjustments ("the one-year requirement"). For the purposes of the one-year requirement, the "final determination date" is defined as one of the following:

- If the federal adjustment is the result of an audit or other action by the IRS, the final determination date is defined as the first day on which no federal adjustments arising from that audit or other action remain to be finally determined. For agreements required to be signed by the IRS and the taxpayer, the final determination date is defined as the date on which the last party signed the agreement.
- If the federal adjustment is the result of an audit or other action by the IRS, and the taxpayer filed as a member of a Virginia combined or consolidated return, the final determination date is defined as the first day on which no related federal adjustments arising from that audit remain to be finally determined for the entire group.
- If the federal adjustment results from filing an amended federal return, a federal refund claim, or an administrative adjustment request or if it is a federal adjustment reported on an amended federal return or other similar report, the final determination date is defined as the day on which the amended return, refund claim, administrative adjustment request, or other similar report was filed.

If you are an owner of a partnership and receive Form 502FED-1, Virginia Partnership-Level Federal Adjustments Report, from the partnership and need to file an amended Virginia return in order to report the distributive share of the partnership-level adjustment, you must enclose a copy of Form 502FED-1 with the amended return.

Any taxpayer filing an amended federal return must also file an amended state return and must pay any additional tax and interest due, if applicable.

In addition, if you file an amended return with any other state that results in a change that would affect your Virginia income tax, you must file an amended Virginia tax return within 1 year.

If the changes or adjustments result in a decrease in the fiduciary's income tax liability, Virginia law allows the Department of Taxation to issue a refund only if the amended return is filed within:

- 3 years from the due date for filing the original return, including filing extensions;
- 1 year from the final determination date for the amended federal return or federal change, whichever is later, provided the refund requested is attributable only to such change or adjustment;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in payment of additional tax, provided the claim for refund raises issues pertaining solely to the prior amended return and the claim does not exceed the amount of additional tax paid as a result of such prior amended return; or
- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

How and Where to File an Amended Return

If amending your return, check the "amended return" box. In addition, enter the appropriate amended return reason code (see below) in the space provided. Select the reason code that best indicates why your return is being amended and enclose the appropriate documentation.

Code	Amended Return Reason
03	Federal Return Amended or Adjusted – Enclose copy of IRS final determination, if applicable
04	Virginia Return – Changes to subtractions, deductions, additions, and credits
01	NOL
02	Partnership Level Federal Adjustment – Enclose Form 502FED-1
05	Pass-Through Entity Elective Tax Payment Credit
30	Other – Enclose Explanation

Amended returns can be filed and payments made electronically. If you are unable to file and pay electronically, obtain a blank Form 770 for the same taxable year and write "AMENDED" at the top or check the Amended box and enter the amended reason code. Then complete the form using the corrected figures as if it were the original return. Do not make any adjustments to the return to show refunds received or balances paid with the original return.

Enclose a complete copy of your amended federal return and the Virginia Modification Worksheet, if applicable.

You will be contacted if additional information is needed. File the amended return with the Commissioner of the Revenue,

Director of Finance or Director of Tax Administration for the city or county where the original return was filed (see the "Where to File" section for further information). Mailing addresses are at the back of these instructions.

Tax Credits

General Information

The following rules apply when computing tax credits:

- Where a credit is limited to a percentage of the tax, the "tax" for this purpose shall be gross tax, less the credit for taxes paid to other states.
- Other income tax credits should be claimed in the order in which they provide the maximum benefit, regardless of the order shown on the form.
- Claim only as much credit as can be used to offset tax liability and keep accurate records of the carryover available for each credit.
- Each pass-through entity must file Form TCA with the Department of Taxation within 30 days after the credit is granted and at least 90 days before filing their income tax return. A copy of the certification letter from the administering agency is a required enclosure with Form TCA.
- Many credits may not be claimed on your return or allocated to beneficiaries until after you have submitted an application and have been notified in writing that you are allowed to claim the credit. If your return is due and you have not yet been notified, you have the option to either:
 - Pay at least 90% of your tax liability by the return due date and file your return on extension after receiving such notification, or
 - File your return by the due date without claiming the credit, and file an amended return after you have received such notification.

Credit For Tax Paid To Another State

Resident Fiduciary: A resident fiduciary is required to report its entire federal taxable income on Form 770, regardless of whether the entire income was derived from sources in Virginia. If the fiduciary is liable for payment of income taxes to another state on earned or business income derived from that state, or any gain (if included in federal adjusted gross income) on the sale of a capital asset outside Virginia, provided the income is taxed by Virginia as well as the other state (see Va. Code § 58.1-332 for information on capital assets), a credit is generally allowed for taxes paid to the other state, provided the income is taxable both to Virginia and the other state. The credit is computed on Form 770, Schedule 4.

Exception: A Virginia fiduciary deriving business income as a nonresident in Arizona, California, the District of Columbia or Oregon may **not** claim a credit on the Virginia return for taxes paid to those states. The credit must be claimed on the other state's nonresident fiduciary income tax return.

This credit applies only to income taxes paid to other states. Taxes paid to cities, counties, the federal government and foreign governments do not qualify for the credit. The credit is not allowed for franchise tax, license tax, excise tax,

unincorporated business tax, occupation tax or any other tax characterized as such, even though the tax is based on *business* income. In addition, the credit is not allowable for taxes paid to any state that is prohibited by its own legislation from imposing an income or commuter tax.

The credit must be computed separately for each state. Enclose separate schedule for each state. A complete copy of the income tax return filed with any state(s) for which a credit is claimed must be enclosed with Form 770. Copies of canceled checks or other income statements are not sufficient for verification of the income tax liability to the other state.

Nonresident Fiduciary: As a general rule, Virginia law does **not** provide a credit to a nonresident fiduciary on business income taxable by both Virginia and the fiduciary's state of residence. Therefore, such credits typically must be claimed on the income tax return filed with the state of residence.

Exception: If the nonresident fiduciary is liable for income taxes as a resident of Arizona, California, the District of Columbia or Oregon on income derived from Virginia sources, credit for tax paid to that state will be allowed on the Virginia return.

A complete copy of the income tax return filed with any state(s) for which a credit is claimed must be enclosed with Form 770. Copies of canceled checks or other income statements are not sufficient for verification of the income tax liability to the other state.

Neighborhood Assistance Act Tax Credit

The Virginia Neighborhood Assistance Act provides tax credits to individuals and businesses that make qualified donations directly to pre-approved Neighborhood Assistance Program organizations whose primary function is to provide educational or other qualified services for the benefit of low-income families. Individuals may receive a credit for a donation of cash or marketable securities to an eligible organization. Businesses may receive a credit for a donation of money, marketable securities, property, limited professional services or contracting services. Licensed veterinarians, physicians, dentists, nurses, nurse practitioners, physician assistants, chiropractors, optometrists, dental hygienists, pharmacists, professional counselors, clinical social workers, clinical psychologists, marriage and family therapists, physical therapists, and physician specialists who donate their services for an approved clinic may also be eligible for credits. The amount of credit attributable to a partnership or S corporation must be allocated to the partners and shareholders in proportion to their ownership or interest in the partnership or S corporation. Any unused tax credits may be carried forward for the next five taxable years. For a list of approved organizations or additional information, contact the **Virginia Department of Social Services, Neighborhood Assistance Program, 801 E. Main Street, Richmond, VA 23219-3301** or the **Virginia Department of Education, 23rd Floor, P.O. Box 2120, Richmond, VA 23218-2120, Attn: Neighborhood Assistance Tax Credit Program for Education** or email tax.credits@doe.virginia.gov.

Major Business Facility Job Tax Credit

For taxable years beginning on and after January 1, 1995, but before July 1, 2025, individuals, estates, trusts, corporations, banks, insurance companies and telecommunications companies may claim a Virginia tax credit if the taxpayer creates at least 50 new full-time jobs in connection with the establishment or expansion of a major business facility, and the company is engaged in a qualifying industry in Virginia. If a taxpayer is located in an enterprise zone or in an economically distressed area (as defined by the Virginia Department of Economic Development), the threshold is reduced from 50 to 25. Credits will be recaptured proportionately if employment decreases during the 5 years following the initial credit year.

This nonrefundable credit is equal to \$1,000 per qualifying new job in excess of the 50/25 job threshold in enterprise zones or economically distressed areas. This credit is spread over 2 years for taxpayers whose credit year begins on or after January 1, 2009.

The credit only applies to facilities where an announcement to expand or establish such a facility was made on or after January 1, 1994. The credit must be claimed ratably beginning with the taxable year following the year in which the facility is established or expanded, or the new qualifying jobs are added. Unused credits may be carried forward for the next 10 taxable years. A qualified business firm receiving an Enterprise Zone Job Creation Grant under *Va. Code* § 59.1-547 shall not be eligible to receive a Major Business Facility Job Tax Credit for any job used to qualify for the Enterprise Zone Job Creation Grant.

To apply for this credit, complete **Form 304**. All applications must be submitted to the **Department of Taxation, Tax Credit Unit, P.O. Box 715, Richmond, VA 23218-0715** 90 days prior to the due date of your return. A letter will be sent to certify the credit.

Historic Rehabilitation Tax Credit

Individuals, estates, partnerships, trusts or corporations incurring eligible expenses in the rehabilitation of a certified historic structure are entitled to claim a credit against individual income tax, fiduciary income tax, corporation income tax, the bank franchise tax, and taxes imposed against insurance companies and utility companies. The credit is equal to 25% of eligible rehabilitation expenses. To qualify, the cost of the rehabilitation must equal at least 50% (25% if the building is an owner occupied residence) of the assessed value of the building for local real estate tax purposes in the year preceding the start of the rehabilitation. For taxable years beginning on and after January 1, 2017, the amount of the Historic Rehabilitation Tax Credit that may be claimed by each taxpayer, including carryover amounts, cannot exceed \$5 million for any taxable year. The rehabilitation work must be certified by the Virginia Department of Historic Resources as consistent with the Secretary of the Interior's Standards for Rehabilitation. The request for certification of the completed project must be submitted within 1 year of the completed work. Any unused credit may be carried forward for 10 years. Applications for participation in the program

may be obtained by contacting the **Virginia Department of Historic Resources, 2801 Kensington Avenue, Richmond, VA 23221, 804.482.6446**, or by visiting www.dhr.virginia.gov/tax-credits/.

Barge and Rail Usage Tax Credit

An income tax credit is allowed for transporting cargo containers by barge and rail rather than by trucks or other motor vehicles on the Commonwealth's highways. The amount of the credit is \$25 per 20-foot equivalent, unit or 16 tons of non-containerized cargo or one unit of roll-on/roll-off cargo moved by barge or rail rather than by trucks or other motor vehicles on Virginia's highways. Containers for which this credit is claimed must result from a diversion of shipments from the highways. To receive a credit, an international trade facility is required to apply to the Virginia Department of Taxation. No more than \$500,000 in tax credits can be issued in any fiscal year. The Department will determine the allowable credit amount for the taxable year and provide a written certification of the allowable credit amount to each taxpayer.

The business must apply by April 1st using **Form BRU**. Submitting a late application will disqualify you from the credit. All applications must be sent to the **Virginia Department of Taxation, Tax Credit Unit, P.O. Box 715, Richmond, VA 23218-0715**. This credit requires certification from the Tax Credit Unit to be claimed on your tax return. A letter will be sent to certify the credit. For assistance write to the **Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715** or call **804.786.2992**.

Qualified Equity And Subordinated Debt Investments Tax Credit

Taxpayers making a "qualified investment" in the form of equity or subordinated debt in a "qualified business" may be eligible for this credit. Businesses may apply for designation as a qualified business using **Form QBA**. The qualification is **valid** only for the calendar year of the application. Therefore, the business needs to reapply each year for qualification. To qualify, the business must (1) have annual gross revenues of no more than \$3 million in its most recent fiscal year, (2) have its principal office or facility in the Commonwealth, (3) be engaged in business primarily in or having substantially all of its production in the Commonwealth and (4) have not obtained during its existence more than \$3 million in aggregate gross cash proceeds from the issuance of its equity or debt investments (not including commercial loans from chartered banking or savings and loan institutions).

The credit equals 50% of the qualified business investments made during the taxable year. The total amount of credit granted is limited to \$5 million. One half of this amount must be allocated to commercialization investments and the other half is available for all other qualifying investments. If credit applications for either half exceed the allowed amount, the credits for that half will be prorated. If credit applications for either half are less than the allowed amount, the balance will be available for allocation to the other half. The total amount of credit that may be used per taxpayer per taxable year may not exceed \$50,000. The credit is nonrefundable. Unused credits may be carried forward for up to 15 years. Except in certain instances equity and debt investments held

in connection with a qualified business investment must be held by the investor for at least 3 full calendar years following the calendar year for which the credit is allocated. If the holding period is not met, the unused credit amount will be forfeited, and an assessment will be issued for the amount used, to which shall be added interest, computed at the rate of 1% per month, compounded monthly from the date the tax credits were claimed.

Taxpayers cannot receive a grant from the Small Business Investment Grant Fund and claim the Qualified Equity and Subordinated Debt Investments Tax Credit for the same investment.

Taxpayers cannot claim the credit if using the subtractions for long-term capital gains, investments in a Virginia venture capital account, or investments in a Virginia real estate investment trust for the same investment.

This credit requires **pre-approval** by the **Department of Taxation**. Investors must apply to the Department by April 1 of the year following the year the investment was made using **Form EDC**. **Taxpayers filing Form EDC after April 1 will be denied this credit**. Since the tax return of most individuals is due on May 1, most investors will need to file a return on extension or amend their original return to claim the credit.

Pass-through entities must file **Form TCA (formerly Form PTE)** with the Department of Taxation at least 90 days before filing their income tax return. A copy of the certification letter from the Department of Taxation is a required enclosure to **Form TCA**.

Visit the website at www.tax.virginia.gov to obtain **Form QBA, Form EDC** and **Form TCA**. Information on the application process may be obtained by writing to the **Virginia Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715**, or by calling **804.786.2992**.

Coalfield Employment Enhancement Tax Credit

This credit expired on December 31, 2021. Only credits earned in prior taxable years may be claimed based on a redemption schedule. The allowable credit must be computed on **Form 306D** and reported on the return filed for the taxable year in which the credit is claimed. **Form 306D** must be enclosed with the tax return when filed. See the instructions for **Form 306D** for additional information.

Land Preservation Tax Credit

This tax credit is for taxpayers that convey land or an interest in land located in Virginia to a public or private agency that is eligible to hold such land or interest therein for conservation or preservation purposes. The conveyance must be in perpetuity.

Credits granted for 2007 and beyond are 40% of the fair market value, as substantiated by a "qualified appraisal" prepared by a "qualified appraiser", as those terms are defined under applicable federal law and regulations governing charitable contributions. Beginning with the 2015 calendar year, the maximum amount of credits that may be issued in a calendar year may not exceed \$75 million. For Taxable Years 2009, 2010, and 2011, the total amount of credit per taxpayer per taxable year was limited to \$50,000 or the total tax liability, whichever was less. For Taxable

Years 2012, 2013, and 2014, the credit limit per taxpayer per taxable year was \$100,000 or the total tax liability, whichever was less. For Taxable Years 2015 through 2022, the credit was limited to \$20,000 per taxpayer per taxable year. For Taxable Years beginning on and after January 1, 2023, the credit is limited to \$50,000 per taxpayer per taxable year. However, for any fee simple donation of land conveyed to the Commonwealth on or after January 1, 2015, the amount of the credit claimed is subject to a higher limitation of \$100,000 per taxpayer for each taxable year, provided that no part of the charitable contributions deduction under § 170 of the Internal Revenue Code related to such fee simple donation is allowable by reason of a sale or exchange of property. For taxpayers affected by the credit reductions for taxable years 2009, 2010, 2011, and 2015 and thereafter, an additional 3-year carryforward will be added to the credit.

Any taxpayer holding Land Preservation Tax Credits that originated on or after January 1, 2002, may transfer unused but otherwise allowable credits for use by another taxpayer on such taxpayer's Virginia income tax return. Transfers and pass-through allocations derived from donations recorded on or after January 1, 2007, are generally subject to a fee. See Schedule A of Form LPC-1 or Form LPC-2 for further information.

If this credit is taken, then for the next 3 years taxpayers cannot take a subtraction for the gain on the sale of land or easements dedicated to open-space use. A subtraction is allowed for any gain or income recognized by a taxpayer on the application of a Land Preservation Tax Credit against a Virginia income tax liability to the extent that the gain is included in and not otherwise subtracted from federal adjusted gross income. The transfer of the credit and its application against a tax liability shall not create gain or loss for the transferor or the transferee.

Before claiming the credit, complete and file Form LPC-1 and/or Form LPC-2 with the Department of Taxation at least 90 days before filing an annual return. For land or an interest in land conveyed before January 1, 2020, no credit will be allowed unless a completed credit application with regard to such conveyance has been filed with the Department of Taxation by December 31 of the 3rd year following the calendar year of the conveyance. For a conveyance made on or after January 1, 2020, no credit will be allowed unless a completed credit application with regard to such conveyance has been filed with the Department by December 31 of the 2nd year following the calendar year of the conveyance. Additionally, applicants filing for tax credits of \$1 million or more must apply to the Department of Conservation and Recreation to receive verification of the conservation value. For conveyances made on and after January 1, 2017, if verification of conservation value is being performed by DCR and verification takes more than 90 days, the deadline to submit Form LPC-1 may be extended for any number of days during which verification is pending, provided the application was otherwise complete at the time of the original filing deadline. The Department of Taxation will issue a letter acknowledging the amount of the credit. For assistance

Worker Training Tax Credit

For taxable years beginning on and after January 1, 2019, but before July 1, 2025, the Worker Training Credit allows businesses to claim a tax credit for the training costs of providing eligible worker training to qualified employees. The credit is 35% of expenses incurred by the business during the taxable year for eligible worker training, subject to certain limitations. If the recipient of the training is a qualified employee, the credit may not exceed \$500 per qualified employee annually. If the recipient of the training is a non-highly compensated worker, the credit may not exceed \$1,000 per non-highly compensated worker annually.

"Eligible worker training" means the training of a qualified employee or non-highly compensated worker in the form of:

- credit or noncredit courses at any institution recognized on the Eligible Training Provider List or at any Virginia public institution of higher education, as such term is defined in Va. Code § 23.1-100, or as described in Va. Code §§ 23.1-3111, 23.1-3115, 23.1-3120, and 23.1-3125, that results in the qualified employee or non-highly compensated worker receiving a workforce credential; or
- instruction or training that is part of an apprenticeship agreement approved by the Commissioner of Labor and Industry.

"Qualified employee" means an employee of a business eligible for a credit under this section in a full-time position requiring a minimum of 1,680 hours in the entire normal year of the business' operations if the standard fringe benefits are paid by the business for the employee. Employees in seasonal or temporary positions may not qualify as qualified employees. "Qualified employee" does not include an owner or relative. "Non-highly compensated worker" means a worker whose income is less than Virginia's median wage, as reported by the Virginia Employment Commission, in the taxable year prior to applying for the credit. "Non-highly compensated worker" does not include an owner or relative. When claiming this credit on the basis of eligible worker training, the credit is allowable against individual income tax, estate and trust tax, corporate income tax, bank franchise tax, insurance premiums license tax, and license tax on telegraph, telephone, water, heat, light, power, and pipeline companies.

Before claiming the credit on their income tax return, employers and businesses must apply for certification of the amount of allowable credit using Form WTC, Worker Training Tax Credit Application, by April 1 of the year following the year in which the training expenses or orientation, instruction, and training program expenses were paid or incurred. All approved employers and businesses filing a timely Form WTC will be notified of their allowable credit by June 30 of the calendar year following the year in which the expenses were incurred. The maximum Worker

Training Credits granted to all employers and businesses is limited to \$1 million annually. If the total credits approved exceed this amount, each will be prorated. This credit is nonrefundable but excess credit may be carried over for the next 3 taxable years. For information on pre-approved apprenticeship programs, contact the **Virginia Department of Labor and Industry** at **804.786.1035**.

Virginia Housing Opportunity Tax Credit

Effective for taxable years beginning on and after January 1, 2021, but before January 1, 2026, a housing opportunity tax credit (HOTC) is available for certain low-income building projects in an amount up to the amount of federal low-income housing tax credit (LIHTC) allocated or allowed by the Virginia Housing Development Authority (VHDA). To be qualified, the project is required to be a qualified low-income building, as defined under federal law, that is:

- Located in Virginia;
- Placed in service on or after January 1, 2021; and
- Allocated HOTC by VHDA.

For taxable years beginning on and after January 1, 2021, but before January 1, 2026, a qualified taxpayer may claim a HOTC against Virginia tax liability prior to reduction by any other credits allowed the taxpayer.

The credit is allowed against the individual income tax, estate and trust income tax, corporate income tax, bank franchise tax, insurance premiums license tax, and license tax on telegraph, telephone, water, heat, light, power, and pipeline companies.

The HOTC may be allocated by pass-through entities to some or all of its partners, members, or shareholders in any manner agreed to regardless of whether or not the taxpayer is allocated or allowed any portion of any federal low-income housing tax credit with respect to the qualified project, whether or not the allocation of the HOTC under the terms of the agreement has substantial economic effect within the meaning of § 704(b) of the Internal Revenue Code, and whether or not the taxpayer is deemed a partner for federal income tax purposes, as long as the partner or member meets the definition under applicable state law, and has been admitted as a partner or member on or prior to the date for filing the return, including any amendments, with respect to the year of the HOTC. Pass-through entities or qualified taxpayers may assign all or any part of the interest, including interest in the tax credits, to one or more pass-through entities or qualified taxpayers, and the qualified taxpayer shall be able to claim the HOTC as long as the interest is acquired prior to the filing of the tax return claiming the HOTC.

For calendar years 2022 through 2025, the total amount of housing opportunity tax credits authorized for qualified projects shall not exceed \$60 million per calendar year. Credits issued each calendar year shall be allowed ratably, with one-tenth of the total amount of credits allowed annually for 10 years over the credit period, except that there shall

be a reduction in the tax credit allowable in the first year of the credit period due to a federal law calculation, and any reduction in the credit in the first taxable year of the credit period shall be allowable for the first taxable year following the credit period.

Twenty million of credits shall be first allocated exclusively for qualified projects in a locality with a population no greater than 35,000 as determined by the most recent United States census. Allocation of Virginia HOTC shall constitute the minimum amount of tax credits allocated for qualified projects in these localities. However, if the amount of the tax credits requested for qualified projects in these localities is less than the total amount of credits available, the balance of credits shall be allocated for any qualified project, regardless of location.

Pass-Through Entity Elective Tax Payment Credit

For taxable years beginning on and after January 1, 2021, but before January 1, 2026, a qualifying pass-through entity (PTE) may make an annual election to pay a 5.75% tax at the entity level for the taxable year. Additional legislation enacted in 2023 expanded PTET eligibility by removing the requirement that a PTE must be 100% owned by natural persons or persons eligible to be shareholders of an S corporation in order to make the PTET election for Taxable Years 2021-2025.

A corresponding refundable income tax credit is available for Taxable Years 2021 through 2025 for any amount of income tax paid by a qualifying PTE if the PTE makes the election and pays the elective income tax imposed at the entity level. The effect of the elective income tax and corresponding refundable credit is to allow the qualifying PTE to shift the income tax burden from the PTE owners to the PTE itself. The PTE must report the amount of PTET on the VK-1. An estate or trust that is an eligible owner must claim their share of PTET credit on Form 770. The credit can only be claimed by direct owners of the PTE. For assistance, contact the **Department of Taxation, Tax Credit Unit, P. O. Box 715, Richmond, VA 23218-0715**, or call **804.786.2992**.

Retroactive Pass-Through Entity Elective Tax Payment Credit

Under legislation enacted by the General Assembly, Virginia established a new elective pass-through entity (PTE) tax for Taxable Years 2021-2025. The elective PTE tax only applies to the pro rata or distributive share of income, gain, loss, or deduction attributable to eligible owners. Due to the timing of this legislation, implementation of the Taxable Year 2021 PTET was delayed until late 2023. As a result, the PTE must report the amount of TY2021 PTET as a retroactive credit to owners and the owners may claim their share of Retroactive Pass-Through Entity Elective Tax Credit on the 2023 return.

Other Considerations For Fiduciaries

In addition to the filing of income tax returns, fiduciaries are generally responsible for ensuring that all Virginia tax obligations of an estate or trust have been fulfilled. The information in this section provides details on the settlement of accounts and outlines other Virginia taxes for which an estate or trust may be held liable.

Settlement Of Accounts

In connection with the settlement of fiduciary accounts, special attention should be given to the provisions of *Va. Code* §§ 58.1-22 and 58.1-23, dealing with the collection of taxes and levies upon property under the control of the fiduciaries and the courts. The sections are set out below.

***Va. Code* § 58.1-22. Accounts Not Settled Until Taxes Paid or Provided for** – No commissioner of accounts shall, under *Va. Code* § 64.2-1211, file any report of an account of the transactions of any fiduciary not governed by *Va. Code* § 58.1-911 until the commissioner finds that all taxes, whether state, county or city, assessed and chargeable upon the property in the hands of the person for whom such account is settled have been paid or unless such account shall show that there remains in the hands of such person a sufficient sum, over and above the charges of administration, to pay all taxes charged against such person in his capacity as fiduciary.

***Va. Code* § 58.1-23. Inquiries Required of Fiduciaries** – Every personal representative, before settling the estate in his hands, shall make inquiry of the treasurer of the county or city wherein the decedent last resided and of the Department with respect to any unpaid taxes and levies assessed against his decedent.

Inquiries made with respect to the provisions of *Va. Code* § 58.1-23 should be addressed to the Virginia Department of Taxation, Customer Services, P.O. Box 1115, Richmond, VA 23218-1115.

Composite Filing

Fiduciaries may request to file, on behalf of nonresident beneficiaries or participants, a unified return thereby relieving these persons or entities of the responsibility of filing a Virginia nonresident income tax return. There are certain conditions that must be met in order to be granted approval to file a composite return. For further information call the **Department of Taxation, Customer Services at 804.367.8031**.

Probate Tax (Tax On Wills And Administrations)

A state tax is imposed on the probate of wills and grants of administration that are not exempt by law. A probate tax return must be filed with the clerk of the court at the time the will is offered for probate, or grant of administration is sought, if the estate exceeds \$15,000 in value at the date of death of the decedent. There is no probate tax on estates valued at \$15,000 or less. For estates exceeding \$15,000 in value, the tax is 10 cents per \$100, or fraction of \$100, including the first \$15,000. In addition, the county or city in which the will is

offered for probate, or grant of administration is sought, may also impose a local probate tax equal to 1/3 of the state tax. **For further information on the probate tax, contact the Clerk of the Circuit Court in the appropriate jurisdiction, or the Department of Taxation at 804.367.8031.**

Estate Tax

Virginia law does not currently impose an estate tax on the estates of decedents whose date of death is on or after July 1, 2007. For further information, visit www.tax.virginia.gov, call **804.367.8031**, or write to **Virginia Department of Taxation, P.O. Box 1115, Richmond, VA 23218-1115**.

Consumer's Use Tax

If an estate or trust that is not engaged in a trade or business is not charged sales tax on purchases of tangible personal property (other than for resale), it must file a Virginia Consumer's Use Tax Return for Individuals, **Form CU-7**.

Form CU-7 and the tax are due the same day that the income tax return is due. If filing a tax due Form 770 return, do not send a single payment to cover both the fiduciary return liability and the consumer's use tax liability. **Form CU-7** must be filed separately.

If engaged in a trade or business, file a Virginia Consumer's Use Tax Return, **Form ST-7**. **Form ST-7** and the tax are due by the 20th day of the month following the month in which the purchase was made.

If the total amount of purchases were from out-of-state mail order catalog(s) **ONLY** and totaled \$100 or less for the entire year, you are not required to pay the use tax. If the purchases were from out-of-state mail order catalog(s) and exceed \$100 or the purchases were of any amount from sources other than mail order catalog(s), then you must report these purchases and pay consumer's use tax on the **TOTAL** amount of *untaxed* purchases from **all** sources during the calendar year. Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment or prevention of diseases in human beings are exempt from the consumer's use tax.

The statewide retail sales and use tax rate is 5.3%. Some localities have additional regional or local taxes. In the Northern Virginia, Hampton Roads and Central Virginia regions, there is an additional 0.7% tax, making the total tax in those regions 6%.

There is an additional one percent sales and use tax in the "Historic Triangle," defined as the City of Williamsburg and the Counties of James City and York. These localities are within the Hampton Roads Region, making the rate in these areas 7% (6% state tax and 1% local tax).

Additional Local Option Tax: The following localities have adopted an additional 1% local option sales and use tax: The City of Danville, Charlotte, Gloucester, Halifax, Henry, Northampton Patrick and Pittsylvania Counties. This tax is in addition to the one percent general local sales and use tax authorized under current law. The combined tax in these localities is 6.3% (4.3% state tax, 1% local tax and 1% additional local option tax). These additional local and regional taxes apply to general retail sales only and do not impact the rate charged for sales of food for home consumption, which are taxed at a reduced rate of 1%.

For further information on the consumer's use tax, visit www.tax.virginia.gov, write to the **Virginia Department of Taxation, P.O. Box 1115, Richmond, VA 23218-1115** or call **804.367.8037**.

Litter Tax

Litter tax is reported on a separate return, **Form 200**. This tax is imposed on every "person," who on January 1 of the taxable year, was engaged in business as a manufacturer, wholesaler, distributor or retailer of the following products: food for human or pet consumption; groceries; cigarettes and tobacco products; soft drinks and carbonated waters; beer and malt beverages; wine; newspapers and magazines; paper products and household paper; glass and metal containers; plastic or fiber containers made of synthetic materials; cleaning agents and toiletries; nondrug drugstore sundry products; distilled spirits; and motor vehicle parts. "Person" means any natural person, corporation, partnership, administrator, fiduciary representative or group of individuals or entities of any kind operating such a business.

Litter tax is computed and filed on a calendar year basis for all filers, regardless of the taxable year used for income tax purposes. The return, **Form 200**, and payment of the tax are due on May 1 of each year for the preceding year. **For further information on litter tax, contact the Department of Taxation at 804.367.8037.**

If exception 1 or 2 was met for all quarters, it is not necessary to complete or enclose Form 760C or Form 760F. **If exception 3 or 4 was used to calculate the addition to tax or to determine that you did not owe the addition to tax for any quarter, you must enclose Form 760C and the associated worksheet(s) with the return.**

If Form 760C or Form 760F is enclosed, complete Line 11 of Schedule 1. Enclose a check for the TOTAL amount of income tax due and the addition to tax computed on Form 760C or Form 760F. If your return shows a refund on Line 9, the addition to tax will be deducted from your refund.

Schedule 2

Virginia Taxable Income of a Nonresident Estate or Trust

On Lines 1 through 3, enter the distributable amount in Column A and the nondistributable amount in Column B.

Line 1 Income from sources within Virginia Enter the income from property or businesses located in Virginia to the extent that the income is includable in the computation of federal taxable income.

Line 2 Federal deductions attributable to income from sources within Virginia Enter the federal deductions attributable to the income reported on Line 1 above.

Line 3 Net Virginia source income Subtract the amount reported on Line 2 from the income reported on Line 1 and enter the result here.

Line 4 Allocation of Virginia source income Line 4 is used to report the allocation of income among the fiduciary and the beneficiaries. Income will be allocated to the fiduciary only if the income is accumulated during the taxable year and, as in the case of a complex trust, not all of the income is distributed currently.

Virginia source income must be allocated to each beneficiary based on his or her proportionate share of the federal distributable net income. For example, if 50% of the estate's or trust's federal distributable net income is allocated to a beneficiary from Form 1041 or Schedule K-1, then 50% of the net Virginia source income should be allocated to that beneficiary.

Complete the allocation schedule provided on Lines 4(a) through 4(c) or enclose a schedule of computation if more space is needed.

Line 5 Deduction for distributions to beneficiaries Enter the amount from Line 4a, Column 4 or Line 4a, Column 2, whichever is less.

Line 6 Fiduciary's share of Virginia source income Sum of Line 4b, Column 4 or Line 4b, Column 2, whichever is less, plus Line 4b, Column 5.

Line 7 Exemption from federal Form 1041 Enter the amount of the federal exemption allowed on federal Form 1041.

Line 8 Income taxable to fiduciary Subtract Line 7 from Line 6. Enter the result here and on Schedule 1, Line 1 of Form 770.

Schedule 3

Fiduciary's Modifications

Enter the fiduciary's share of each modification on the appropriate line.

Conformity Update

Virginia's Conformity with the Internal Revenue Code

Effective for taxable years beginning January 1, 2023, Virginia will conform to the Internal Revenue Code (IRC) on a rolling basis, including any federal extenders, subject to certain exceptions. This allows Virginia to conform to federal tax changes to the IRC as soon as they are enacted by Congress. This also allows Virginia to conform to the Inflation Reduction Act and the Consolidated Appropriations Act of 2023.

Conformity refers to how closely Virginia follows definitions and other provisions of the federal tax code, including the definition of income. The 2023 General Assembly passed legislation that conforms Virginia's tax law to the federal tax code on a rolling basis, with certain exceptions. The legislation also sets guidelines for future federal law changes and their impact on Virginia returns.

For additional information regarding Virginia's conformity with the IRC and adjustments that may be required as a result of conformity legislation, visit www.tax.virginia.gov.

Virginia will continue to deconform from the following: bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts.

In addition, Virginia will continue to deconform from the following temporary changes made by the Coronavirus Aid, Relief, and Economic Security ("CARES") Act: suspension of certain NOL limitations for Taxable Years 2018, 2019, and 2020 and increasing the business interest limitation for Taxable Year 2019 and 2020. See Tax Bulletin 21-4 for more information.

At the time these instructions were published, the only required conformity adjustments were those mentioned above. However, if legislation is enacted that results in changes to the IRC for the 2023 taxable year, taxpayers may need to make adjustments to their Virginia returns that are not described in these instructions. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

Part I

Additions To Federal Taxable Income

Line 1 Interest on obligations of other states Enter the amount of interest, less related expenses to the extent that it was not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such state unless it was created by a compact or agreement to which Virginia is a party.

If the estate or trust received federally exempt dividend income from a regulated investment company (mutual fund) that invested in obligations both taxable and exempt for Virginia purposes, the entire income must be reported unless a statement from the fund is enclosed that:

- details the dividends earned from the fund; and
- summarizes the prorations between exempt and taxable dividends (monthly breakdown preferred).

Example: A trust receives dividends from a mutual fund that invests in obligations of Virginia and New York. The interest received from all of the obligations is exempt from federal taxation. The fund provides the following statement:

Dividend payments for 2023 \$4,000
 % of income from NY obligations 60%
 % of income from VA obligations 40%

Based on this information, the trust may exclude 40% or \$1,600 of the income from Virginia taxable income. Therefore, the trust would make an addition for only part of its mutual fund income, \$2,400, and enclose the above statement to support the partial addition.

Line 2 Income taxes of this state or any other taxing jurisdiction Enter the amount of income tax imposed by this state or any other taxing jurisdiction to the extent that such taxes were deducted in computing federal taxable income.

Line 3 Conformity Additions
a. Bonus Depreciation For an explanation, please see the section entitled, *Conformity Update*. Enter the amount that should be added to federal taxable income based upon the recomputation of allowable depreciation.....a _____

b. Other Conformity Additions If you are required to make any Other Conformity additions listed in the Conformity Update for 2023 above, enter the total amount of such additions on this line. Also, please enclose a schedule and explanation of such additions...b _____

Enter the total of Lines a and b here and on Form 770, Schedule 1, Line 2FA and Schedule 3, Line 3.TOTAL _____

Line 4 Other additions to federal taxable income Enter the following amounts, if applicable, and enclose a schedule of computation with the return:

a. The amount of a lump sum distribution from a qualified retirement plan, less the minimum distribution allowance, and any amount excluded from federal taxable income solely by virtue of a fiduciary's election to use the averaging provisions under IRC § 402.

b. The amount necessary to prevent the deduction of any item properly deductible by the taxpayer in determining a tax under Virginia law prior to 1972.

c. The amount that would be reported under the installment method from certain dispositions of property. If, in a prior year, the taxpayer was allowed a subtraction for certain income from dealer dispositions of property made on or after January 1, 2009, in the years following the year of disposition, the taxpayer is required to add back the amount that would have been reported under the installment method. Each disposition must be tracked separately for purposes of this adjustment.

d. Federal Partnership Income Addition Income related to certain partnership adjustments that result from federal tax changes and other changes to federal taxable income must be added to the owner's income tax return if the income was not previously reported on the original Virginia return. The amount of the addition is equal to the income that was not included in Virginia taxable income. When reporting this addition, enclose the partnership's completed Form 502FED-1.

e. Electing Small Business Trust (ESBT) Addition Since Virginia generally taxes all federal taxable income of an estate or trust, ESBT income must be included on the Virginia return. The amount reported for ESBT income should generally equal the amount computed on the federal ESBT Tax Worksheet, Line 13, which is the taxable income (S portion).

f. Other income not included in federal taxable income, but subject to Virginia income tax.

Line 5 Total Additions Add Lines 1 through 4 and enter the result.

**Part II
 Subtractions From Federal Taxable Income**

Line 6 Income (interest, dividends or gains) from obligations or securities of the U.S. exempt from state income taxes, but not exempt from federal income taxes. Enter the income derived from obligations or the sale or exchange of obligations of the United States and on obligations or securities of any authority, commission or instrumentality of the United States to the extent that such income is exempt from state income taxes. The amount entered here should include, but is not limited to, qualifying stocks, bonds, treasury bills and treasury notes.

Do not include interest on federal tax refunds, equipment purchase contracts and other normal business transactions.

Only income received from direct obligations of the United States is eligible for the subtraction. A partial list of federal organizations and the Virginia tax status of income received from investments in securities issued by those entities is shown below. The list is based on the Department's analysis of federal and state law as applicable to selected organizations. For organizations not listed below,

additional information must be enclosed showing that the interest is exempt from Virginia income tax.

g. To the extent included in federal taxable income, any amount of gain or income recognized by a taxpayer in connection with the Historic Rehabilitation Tax Credit is allowed as a subtraction on the Virginia return.

h. For taxable years beginning on and after January 1, 2019, taxpayers may claim a subtraction for income attributable to an investment in a Virginia real estate investment trust made on or after January 1, 2019 but before December 31, 2024.

In order for the subtraction to be claimed on the investors’ income tax returns, the real estate investment trust in which they invest must be certified by the Department as a Virginia real estate investment trust for the taxable year during which the investment was made. If the fund is approved, a 9-digit certification number will be provided. Enclose a statement to the return including the “Certification Number” when claiming this subtraction.

No subtraction is allowed to an individual taxpayer: for an investment in a company that is owned or operated by a family member or affiliate of the taxpayer; who claimed the subtraction for certain long-term capital gains or Venture Capital Investments for the same investment; or who claimed the Qualified Equity and Subordinated Debt Investments Tax Credit for the same investment.

i. For taxable years beginning on or after January 1, 2019, taxpayers may claim a subtraction for any gain recognized from the taking of real property by condemnation proceedings.

j. Federal Partnership Income Subtraction
Income related to certain partnership adjustments that result from federal tax changes and other changes to federal taxable income may be subtracted from Virginia taxable income if the income was previously reported on the owner's Virginia return. The amount of the subtraction is equal to the federal taxable income that was included in the owner's Virginia original income tax return but should not have been reported. When claiming this subtraction, include a copy of the partnership's Form 502FED-1.
