What's New

Virginia's Conformity to the Internal Revenue Code

Virginia's rolling conformity with the Internal Revenue Code has been suspended for periods beginning on or after January 1, 2025, and before January 1, 2027. Virginia will continue to conform to the Inflation Reduction Act and the Consolidated Appropriations Act of 2023. Conformity refers to how closely Virginia follows definitions and other provisions of the federal tax code, including the definition of income. If changes are made to federal law that could impact your return and require adjustments, Virginia Tax will post information about this on its website at www.tax.virginia.gov.

Virginia will continue to deconform from the following: bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts. In addition, Virginia will continue to deconform from the following temporary changes made by the Coronavirus Aid, Relief, and Economic Security ("CARES") Act: suspension of certain NOL limitations for Taxable Years 2018, 2019, and 2020 and increasing the business interest limitation for Taxable Year 2019 and 2020.

At the time these instructions were published, the only required conformity adjustments were those mentioned above. However, if legislation is enacted that results in changes to the IRC for the 2025 taxable year, taxpayers may need to make adjustments to their Virginia returns that are not described in these instructions. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

Increase in Standard Deduction

Legislation enacted during the 2025 General Assembly session increased the standard deduction for Taxable Years 2025 and 2026 from \$8,500 to \$8,750 for single filers and from \$17,000 to \$17,500 for married filers filing jointly. The increase in the standard deduction is scheduled to sunset after Taxable Year 2026 and revert to the standard deduction amounts that applied prior to Taxable Year 2019: \$3,000 for single filers and \$6,000 for married couples filing jointly.

Refundable Virginia Earned Income Tax Credit

For taxable years Taxable Years 2025 and 2026, new legislation increased the refundable portion of the Virginia Earned Income Tax Credit from 15% to 20%. Nonresidents and part-year residents are ineligible for the refundable credit. See instructions for details on eligibility and rules on claiming this credit.

Voluntary Contributions to the Board for the Blind and Vision Impaired

Effective for taxable years beginning on and after January 1, 2025, the Board for the Blind and Vision Impaired has been added to the list of organizations and funds that may receive voluntary contributions from taxpayers. The contributions are to be paid to the endowment fund of the Board for use in its mission in providing quality services to assist citizens of the Commonwealth who are blind, vision impaired, or deafblind in achieving their desired level of employment, education, and personal independence.

Credit Changes

The Recyclable Materials Processing Equipment Tax Credit sunset date has been extended from January 1, 2025, to January 1, 2027.

The Historic Rehabilitation Tax Credit cap increases from \$5 million to \$7.5 million for taxable years beginning on and after January 1, 2025.

The Firearm Safety Device Tax Credit was expanded to include purchases from a commercial retailer for taxable years beginning on and after January 1, 2025. Previously purchases were limited to those from federally licensed dealers.

More information about changes to tax credits is provided in the Instructions for 2025 Virginia Schedule CR and on the Department's website at www.tax.virginia.gov.

Reminders

Extension for Filing Income Tax Returns: All taxpayers are granted an automatic 6-month extension of time to file their income tax returns. No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 7601P, by the original due date for filing the return.

You can file and pay your tentative tax online using the Department's eForms or Individual Online Services. Payments are made electronically and you may schedule payments to be made on a future date.

Electronic Filing Requirements for Certain Taxpayers: Individuals are required to file and remit payment using an electronic medium if (i) any installment payment of estimated tax exceeds or can reasonably be expected to exceed \$1,500, (ii) any payment made with regard to a return or extension of time to file exceeds \$1,500, or (iii) the taxpayer's estimated total tax liability exceeds \$6,000. If any of the thresholds above apply to you, all future individual income tax payments must be made electronically. This includes all payments for estimated taxes, extensions of time to file, and any other amounts due when a return is filed.

Consumer's Use Tax: If you purchased merchandise by Internet, telephone, or mail, or you purchased any merchandise outside Virginia and paid no sales tax you may be required to pay Consumer's Use Tax. Report the applicable tax on Form 760, Line 33.

Litter Tax: Every manufacturer, wholesaler, distributor or retailer of the following products is subject to the Litter Tax.

- Food for Human or Pet Consumption
- Groceries
- Cigarettes and Tobacco
- Soft Drinks and Carbonated Waters
- Distilled Spirits, Wine, Beer and Other Malt Beverages
- Newspaper or Magazines
- Paper Products and Household Paper
- Glass and Metal Containers
- Plastic or Fiber Containers made of Synthetic Material
- Cleaning Agents and Toiletries
- Nondrug Drugstore Sundries
- Motor Vehicle Parts

Businesses become subject to the tax on the first January 1 they are in business. The Litter Tax return, Form 200, and payment of the tax are due on May 1 of each year, for the preceding calendar year.

File and pay your Litter Tax Return online using the Department's eForms. Complete the online version of the Litter Tax Return as you would if you were completing a paper form. Payments are made electronically and you may schedule payments to be made on a future date.

If you are unable to file and pay electronically you may request a waiver. You can obtain the waiver request form at www.tax.virginia.gov or by calling 804.367.8037.

Civil and Criminal Penalties: The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of 100% of the correct tax.

Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

Debt Collection: Before issuing any refunds, Virginia law requires the Department to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court system. If any debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt and the processing of your return will be delayed.

In addition, the Department is authorized to submit eligible state income and business tax debts to the U.S. Department of Treasury Offset Program (TOP). Once a debt is submitted, the U.S. Department of Treasury will withhold or reduce your eligible federal tax refund or federal vendor payment by the amount of your debt. The Internal Revenue Code authorizes this process, known as "offset."

Offset of federal refunds is only one source of funds that the Department of Taxation may use to satisfy an outstanding tax bill. Your state income tax refund and payments from other state agencies may be withheld to satisfy an outstanding tax bill as well.

Because of timing differences in obtaining funds from various sources, it is possible for us to receive funds from more than one source to satisfy the same debt. If this happens, the overpaid amount will be released upon receipt of the funds. You do not need to contact the Department to request your refund.

Direct Deposit: Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit www.tax.virginia.gov for details.

Tax-Related Identity Theft: Tax-related identity theft occurs when someone uses your Social Security Number to file a tax return claiming a fraudulent refund. Often, an identity thief will use your Social Security Number to file a return early in the year. You may not be aware that you are a victim until you file your return and learn one already has been filed. We apply stringent scrutiny to all tax returns in an attempt to detect fraudulent tax refunds. If you receive a letter from us asking for additional information to verify that you are the actual taxpayer filing a return, please respond immediately. Do You Need to File a Virginia Income Tax Return?

Every Virginia resident whose Virginia adjusted gross income is at or above the minimum threshold must file.

Complete Form 760, Lines 1 through 9, to determine your Virginia adjusted gross income (VAGI). If the amount on Line 9 is less than the amount shown below for your filing status, your Virginia income tax is \$0.00 and you are entitled to a refund of any withholding or estimated tax paid. You must file a return to receive a refund. To claim a refund in these cases, complete Lines 10 through 15 and enter "0" as your tax on Lines 16 and 18. Then complete Lines 19 through 36. You must file if you are:

Single and your VAGI is \$11,950 or more

Married filing jointly and *combined* VAGI is \$23,900 or more

Married filing separately and your VAGI is \$11,950 or more

When to File Your Return

Filing by mail or commercial delivery service: If you are mailing several documents, please consider using a flat envelope to ensure proper handling and faster processing. When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payment of taxes remitted by a commercial delivery service will be considered timely filed if they are received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.

Calendar year filer: If your taxable year is January 1, 2025 - December 31, 2025, your individual income tax return must be postmarked no later than **May 1, 2026**, to avoid penalties and interest. When the last day on which a tax return may be filed or a tax may be paid falls on a Saturday, Sunday or legal holiday, you may file and make payment without penalty or interest on the next succeeding business day.

Fiscal year filer: If your taxable year is any consecutive 12-month period other than January-December, your individual income tax return must be postmarked by the 15th day of the 4th month following the end of your fiscal year. When filing, you should write "Fiscal Year Filer" across the top of Page 1 of Form 760 and enclose a statement indicating the beginning and ending months of your fiscal year.

Outside U.S. If you are living or traveling outside the United States or Puerto Rico (including persons in the military or naval service on duty outside the United States and Puerto Rico), you must file your return by **July 1, 2026**. Fill in the overseas on due date oval on Page 1 of Form 760.

Weekends and holidays: If the due date falls on a Saturday, Sunday or legal holiday, your return must be postmarked by the next business day.

Extension provisions: Virginia law provides an automatic 6-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least 90% of your tax by the due date, May 1 for calendar year filers, to avoid penalty. To make a payment of tentative tax, use Form 760IP.

Foreign income exclusion: If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for 30 days after the date you expect to qualify for the federal exclusion. You must apply for an extension of time to file your state return by letter on or before the 1st day of the 7th month following the close of your taxable year and enclose a copy of the approved federal extension with your return when you file.

Members of the military: Members of the Armed Forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional 15 days, or a 1-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members claiming this extension should write "Combat Zone" across the top of their tax returns and on the envelopes used to mail their returns. Such combat zone personnel should similarly write "Combat Zone" across the top of correspondence, and on the envelope used to mail the correspondence, when responding to notices issued by the Department. See Tax Bulletin 05-5, available in the Laws, Rules, and Decisions Section of the Department's website at www.tax.virginia.gov for more information.

In addition, every member of the armed services deployed outside of the United States is allowed an extension of their due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

Additional information for spouses of military personnel is provided in the **Residency Status and Choosing the Right Form to File** section later in this booklet.

Where to File

Use e-File to electronically file your federal and state tax returns at the same time. Software programs that provide e-File capability are available online and for purchase in stores. All e-File software will automatically check for completeness, correct errors, generate the applicable schedules and provide the option to transmit the return to the IRS and/or the Department's electronic processing systems. Some vendors will allow taxpayers to file their returns electronically for free based on certain qualifiers.

To file by mail, use the list of mailing addresses beginning on Page 45 and look up the city or county where you live, or file directly with the Department. Local phone numbers are also provided.

For more information about filing by e-File and filing by mail, go to www.tax.virginia.gov.

Amended Returns

Individuals are required to report to the Department federal adjustments and pay any additional amounts due within one year after the final determination date of such adjustments ("the one-year requirement"). For the purposes of the one-year requirement, the "final determination date" is defined as one of the following:

- If the federal adjustment is the result of an audit or other action by the IRS, the final determination date is defined as the first day on which no federal adjustments arising from that audit or other action remain to be finally determined. For agreements required to be signed by the IRS and the

taxpayer, the final determination date is defined as the date on which the last party signed the agreement.

- If the federal adjustment is the result of an audit or other action by the IRS, and the taxpayer filed as a member of a Virginia combined or consolidated return, the final determination date is defined as the first day on which no related federal adjustments arising from that audit remain to be finally determined for the entire group.
- If the federal adjustment results from filing an amended federal return, a federal refund claim, or an administrative adjustment request or if it is a federal adjustment reported on an amended federal return or other similar report, the final determination date is defined as the day on which the amended return, refund claim, administrative adjustment request, or other similar report was filed.

If the IRS provided documentation that acknowledges acceptance of your federal amended return, enclose a copy with the Virginia amended return.

If you are an owner of a partnership and receive Form 502FED-1, Virginia Partnership-Level Federal Adjustments Report, from the partnership and need to file an amended Virginia return in order to report the distributive share of the partnership-level adjustment, you must enclose a copy of Form 502FED-1 with the amended return.

Any taxpayer filing an amended federal return must also file an amended state return and must pay any additional tax and interest due, if applicable.

If you file an amended return with any other state that affects your Virginia income tax, you must file an amended Virginia return within one year. The Department may issue a refund only if the amended return is filed within:

- 3 years from the due date of the original return, including valid filing extensions;
- 1 year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

Complete a new return using the corrected figures, as if it were the original return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as the result of the original return.

Use the worksheet for amended returns below to determine if you are due a refund or if any additional tax due should be paid with your amended return. If your amended return results in additional tax due, interest must be paid on the tax you owe from the due date of your original return to the date that the amended return is filed or postmarked.

Amended Return

If you are filing an amended return, fill in the amended return oval. In addition, enter the appropriate amended return reason code (see below) in the space provided. Select the reason code that best indicates why your return is being amended and enclose the appropriate documentation.

Residency Status and Choosing the Right Form to File

- There are two types of Virginia residents: domiciliary and actual.
- A domiciliary resident of another state may also be an actual resident of Virginia.
- Virginia residency may be either full-year or part-year.
- A nonresident of Virginia may be required to file a Virginia return.
- To determine which Virginia return you should file, first determine if you were a resident of Virginia ***at any time*** during the taxable year.
- If you are a servicemember serving in compliance with military orders or the spouse of such a servicemember, follow the special rules under 'Military Personnel and Spouses of Military Personnel,' explained below.

Step 1: Determine your residency status

Domiciliary Resident

You are a domiciliary (legal) resident if your permanent home is in Virginia. Your permanent home is where, whenever you are absent, you intend to return. Every person has one and only one domiciliary residence at a time. Most domiciliary residents actually live in Virginia; however, actual presence in Virginia is not required. If you have established legal domicile in Virginia, you are a domiciliary resident until you establish legal domicile in another state.

- Members of the armed forces who claim Virginia as their home of record are domiciliary residents, even if stationed outside of Virginia.
- A domiciliary resident who accepts employment outside of Virginia, but who does not abandon Virginia as their domiciliary residence, even if outside of Virginia for many years, remains a domiciliary resident of Virginia. This includes domiciliary residents who accept employment outside of the United States.

Actual Resident

You are an *actual* resident if:

You maintained an abode in Virginia or were physically present in Virginia for more than 183 total days during the taxable year, even if you are a domiciliary resident of another state or country.

If you are an *actual* resident of Virginia, you may be required to file as a resident in Virginia and in your domiciliary state. In this situation, you should claim a credit on the return filed in the state of your legal domicile for taxes paid to Virginia.

Students: The rules for determining the residency status of a student are the same as for anyone else.

Special Rules

Members of the U.S. Congress: If you are a member of the U.S. Congress who is a domiciliary (legal) resident of another state, you are not subject to taxation as an *actual* resident of Virginia even if you maintained an abode in Virginia for more than 183 days. However, if you have income from Virginia sources other than your congressional pay, you may be required to file a Form 763, Nonresident Income Tax Return.

Spouses, Dependents and Congressional Staff Members: The exemption for members of the U.S. Congress does **not** apply to spouses, dependents or congressional staff members. If you are a spouse or dependent of a member of the U.S. Congress or you are employed by a member of the U.S. Congress, you must determine your own residency status and filing obligations, even if you filed a joint federal return.

Military Personnel and Spouses of Military Personnel: For Taxable Year 2023 and after, if you are a servicemember serving in compliance with military orders or the spouse of such servicemember, the federal Servicemember Civil Relief Act ("SCRA"), as amended by the Veterans Auto and Education Improvement Act, allows you to elect to use the following locations for purposes of taxation:

- The residence or domicile of the member,
- The residence or domicile of the spouse, or
- The permanent duty station of the member.

Servicemembers and spouses are not required to elect the same residence for state tax purposes. No form is required to be filed with the Department of Taxation to make this election; however, you should maintain any records needed to show that the elected state met the requirements of SCRA.

If you elect a state other than Virginia under SCRA, the following two types of income are exempted from Virginia individual income tax:

- A servicemembers' active duty pay, and
- A spouses' income from Virginia sources for services performed (such as wages received as an employee).

These two types of income will be referred to as "SCRA protected income."

If you had Virginia income tax withheld from your SCRA protected income, you may file Form 763-S, Virginia Special Nonresident Claim for Individual Income Tax Withheld to request a refund. Going forward, you may need to indicate on Form VA-4 that such income is exempt from withholding by checking the line on that Form that references SCRA.

If the servicemember begins or ceases to serve in compliance with military orders during the taxable year you may be required to file Form 760PY, Part-Year Resident Income Tax Return (see the instructions to Form 760PY for more information).

If you have income from Virginia sources other than SCRA-protected income, you must file Form 763, Nonresident Income Tax Return (see the instructions to Form 763 for

more information) to report and pay Virginia income tax on such income.

If you elect Virginia (or are unable to elect a state other than Virginia) under SCRA, you are a Virginia resident and must file Form 760, Resident Income Tax Return. Your SCRA-protected income is not exempt from Virginia income tax.

Step 2: Determine which income tax return you should file

Virginia Residents

File Form 760, Resident Return, if:

- You were an actual or domiciliary resident for the entire year; or
- You were an actual or domiciliary resident for a portion of the year, but all of your income for the entire year was from Virginia sources.

File Form 760PY, Part-Year Resident Return, if:

- You moved into Virginia during the taxable year and became either an actual or domiciliary resident; or
- You moved out of Virginia during the taxable year *and* became a domiciliary resident of another state, provided that you did not move back to Virginia within six months.

Note to Part-Year Residents: If you had Virginia source income during the taxable year while you were a nonresident, you may also be required to file Form 763, Nonresident Return. See Nonresidents, below.

Married Taxpayers: If one spouse is a Virginia resident and the other is a nonresident, you may not file a joint Virginia return unless you both elect to determine your joint Virginia taxable income as if you were both Virginia residents. If the spouses do not make an election, the resident spouse will file either Form 760 or Form 760PY, while the nonresident spouse will file Form 763, if applicable. However, if one spouse is a full-year resident and the other spouse is a part-year resident, you may file a joint return using Form 760PY. See the Form 760PY instructions for additional information.

Nonresidents

File Form 763, Nonresident Return, if:

You had income from Virginia sources, other than interest from personal savings accounts, interest or dividends from an individual stock market investment, or pension payments from a Virginia payor.

Income from Virginia sources includes:

1. Items of income gain, loss and deductions attributable to: a) The ownership of any interest in real or tangible personal property in Virginia; b) A business trade, profession, or occupation carried on in Virginia; and c) Prizes paid by the Virginia Lottery and gambling winnings from wagers placed or paid at a location in Virginia.
2. Income from intangible personal property, including annuities, dividends, interest, royalties and gains from the disposition of intangible personal property employed by an individual in a business, trade, profession or occupation carried on in this state.

If you were a Virginia resident for part of the year and you also received Virginia source income during your period of residence outside Virginia, you must file Form 760PY and Form 763. The Virginia source income reported on Form 763 will be only the Virginia source income you received while a nonresident.

Exceptions for Certain Nonresidents

An exception to the filing requirement for nonresidents applies to certain residents of Kentucky, the District of Columbia, Maryland, Pennsylvania, and West Virginia if their only Virginia source income is from salaries and wages. See below for qualifications. If residents of these states received other income from Virginia sources that is not specifically exempted, it must be reported as Virginia source income on Form 763, the Virginia Nonresident Return.

Kentucky and the District of Columbia: If you were a resident of Kentucky or the District of Columbia who commuted daily to work in Virginia, you are not required to file a Form 763 Nonresident Return, provided that 1) you had no actual place of abode in Virginia at any time during the taxable year, and 2) your only income from Virginia sources was salaries and wages, and 3) your salary and wages were subject to income taxation by Kentucky or the District of Columbia.

Maryland, Pennsylvania, and West Virginia: If you were a resident of Maryland, Pennsylvania or West Virginia and you earned salaries and wages in Virginia, you do not have to file a Form 763, Nonresident Return, provided that 1) your only income from Virginia sources was salaries and wages, and 2) you were present in Virginia for 183 days or less during the taxable year, and 3) your salaries and wages were subject to taxation by Maryland, Pennsylvania, or West Virginia.

Tax Withheld in Error by Employer: If Virginia tax was withheld from your income in error, you should file Form 763-S to obtain a refund.

If you meet any of the exceptions above and had Virginia withholding, you may need to file Form 763-S, Virginia Special Nonresident Claim For Individual Income Tax Withheld, to claim your refund.

Virginia Driver's License Information

Enter your Virginia Driver's License Identification number and Issue Date. If you do not have a Virginia driver's license, but have a Virginia ID Card, enter the identification number and issue date from the ID Card. If filing a joint return, enter the information for both spouses. Providing this information is optional. It is requested for taxpayer identification purposes as part of ongoing efforts to combat identity theft and fraud.

Filing Status

In most cases, your filing status will be the same as the one you selected on your federal return. Enter the applicable number to indicate your filing status.

- 1 = Single
- 2 = Joint
- 3 = Married filing separately

Fill in the Head of Household oval if your filing status is Single and you checked the Head of Household box on your federal return. For more information, go to the filing status section on the Department's website: www.tax.virginia.gov.

If using Filing Status 3, enter the spouse's Social Security Number at the top of the form and the spouse's name on the line provided.

If one spouse is a Virginia resident and the other is a nonresident, you may not file a joint Virginia return unless you both elect to determine your joint Virginia taxable income as if you were both Virginia residents. If the spouses do not make such election, the resident spouse must file a separate return (Form 760) using Filing Status 3. If the nonresident spouse has Virginia source income to report, he or she must file a separate return using Form 763. The spouses must compute their itemized deductions and allocate exemptions for dependents as if they had filed separate federal returns. As a general rule, the spouse claiming an exemption for a dependent must be reporting at least half of the total federal adjusted gross income. In addition, each spouse must be able to support their claim of itemized deductions. If the underlying expenses for itemized deductions cannot be accounted for separately, each spouse must claim a proportionate share of the deductions based on their respective share of the joint federal adjusted gross income.

Exemptions

Enter the number of exemptions allowed in the boxes.

Dependents: Generally, you may claim the same number of dependent exemptions allowed on your federal return. If using Filing Status 3, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

Multiply the sum of exemptions claimed in the "You," "Spouse" and "Dependents" boxes by \$930.

65 or Older: To qualify for the additional personal exemption for age 65 or older, you must have been age 65 or older on or before January 1, 2026.

Blind: To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

Multiply the sum of exemptions claimed for "65 or older" and "Blind" by \$800.

Low-Income Individuals: You cannot claim the 65 or older or Blind exemptions if you also claimed a Credit for Low-Income Individuals on Line 23 of Form 760.

Exemption Amount: Add the dollar amount from Section A to the dollar amount from Section B. Enter this amount on Line 12.

Note for Filing Status 3: Each spouse must determine exemptions as if separate federal returns had been filed, using the federal rules for separate reporting. If dependent exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse's income. One spouse may never claim less than a whole personal exemption.

Dollar Amounts

All amounts entered on your return **must be rounded to the nearest dollar**. Amounts less than 50 cents should be rounded down while all amounts of 50 cents - 99 cents should be rounded up. Rounding to the nearest dollar improves accuracy and reduces processing time.

Line 1 Federal Adjusted Gross Income

Enter the federal adjusted gross income from your federal return. If married filing separately (Filing Status 3), enter only the amount of income attributable to you. Be sure to use the federal adjusted gross income amount, NOT federal taxable income.

Line 4 Age Deduction

Are you eligible to claim an age deduction? For the 2025 taxable year, taxpayers born on or before January 1, 1961, may qualify to claim an age deduction based on their birth date, filing status and income. A taxpayer who claims an age deduction may **NOT** claim a disability income subtraction, Credit for Low-Income Individuals, Virginia Earned Income Credit, or Refundable Virginia Earned Income Credit.

For married taxpayers, each eligible spouse may take either an age deduction or a disability income subtraction. Neither spouse may claim an age deduction if one spouse claimed a Credit for Low-Income Individuals, Virginia Earned Income Credit, or Refundable Virginia Earned Income Credit, even if filing separate returns. Claim the deduction or subtraction that gives you the greatest tax benefit.

If you or your spouse are not claiming a disability subtraction or a credit for earned or low-income and your birth date is on or before January 1, 1961, read below.

Taxpayers Age 65 and Older

If you or your spouse were **born on or before January 1, 1961**, you may qualify to claim an age deduction of up to \$12,000 each for 2025. The age deduction you may claim depends on your birth date, filing status and income.

If your birth date is:

- **On or before January 1, 1939**: You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For individuals born after January 1, 1939, the age deduction is based on the criteria below.
- **On or between January 2, 1939, and January 1, 1961**: Your age deduction is based on your income. A taxpayer's income, for purposes of determining an income-based age deduction, is the taxpayer's *adjusted federal adjusted gross income* or "AFAGI." A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any conformity adjustments and reduced by any taxable Social Security and Tier 1 Railroad Benefits.

For Filing Status 1, single taxpayers, the maximum allowable age deduction of \$12,000 is reduced \$1 for every \$1 the taxpayer's AFAGI exceeds \$50,000.

For all married taxpayers, whether filing jointly or separately, the maximum allowable age deduction of \$12,000 each is reduced \$1 for every \$1 the married taxpayers' joint AFAGI exceeds \$75,000.

All Married Taxpayers: A married taxpayer's income-based age deduction is **always** determined using the married taxpayers' joint AFAGI. Regardless of whether filing jointly or separately, if you are married, your income-based age deduction is determined using the combined income of both spouses. If both spouses are claiming an income-based age deduction, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first, then allocate half of the joint deduction to each spouse.

Line 5 Social Security Act and Equivalent Tier 1 Railroad Retirement Act Benefits

Enter the amount of taxable social security and/or Tier 1 Railroad Retirement Act Benefits that you included in your federal adjusted gross income.

Do not include Tier 2 Railroad Retirement Benefits and Other Railroad Retirement and Railroad Unemployment Benefits. See instructions for Schedule ADJ to determine if these benefits can be included as other subtractions.

Line 6 State Income Tax Refund or Overpayment Credit

Enter the amount of any state income tax refund or overpayment credit that you reported as income on your federal return.

Line 7 Subtractions

If you reported any other subtractions on Virginia Schedule ADJ, enter the total amount from Line 7 of Schedule ADJ.

Line 9 Virginia Adjusted Gross Income

Subtract Line 8 from Line 3 and enter the result. If the amount on Line 9 is less than the amount shown below for your filing

status, your Virginia income tax is \$0.00 and you are entitled to a refund of any withholding or estimated tax paid. You must file a return to receive a refund. To claim a refund in these cases, complete Lines 10 through 15 and enter "0" as your tax on Lines 16 and 18. Then complete Lines 19 through 36. You are required to file a return if you are:

Single and your VAGI is \$11,950 or more

Married filing jointly and *combined* VAGI is \$23,900 or more

Married filing separately and your VAGI is \$11,950 or more

Itemized or Standard Deductions

Property and other taxes included as deductions on your federal return are also allowed on your Virginia return. If one spouse claims itemized deductions, the other spouse must also claim itemized deductions. Do not complete Line 10 if claiming the standard deduction. Skip to Line 11.

Line 10 Itemized Deductions

You must claim itemized deductions on your Virginia return if you claimed itemized deductions on your federal return. If a joint federal return was filed and you are filing separate returns in Virginia (Filing Status 3), itemized deductions that cannot be accounted for separately must be allocated proportionately between spouses based on each spouse's share of the combined federal adjusted gross income.

If you claimed itemized deductions, enter the amount from Line 19 of the Virginia Schedule A and enclose this schedule with your return. See the Virginia Schedule A instructions for more information.

Line 11 Standard Deduction

If you claimed the standard deduction on your federal return, you must also claim the standard deduction on your Virginia return. Legislation enacted during the 2025 General Assembly session increased the standard deduction for Taxable Years 2025 and 2026 from \$8,500 to \$8,750 for single filers and from \$17,000 to \$17,500 for married filers filing jointly. The increase in the standard deduction is scheduled to sunset after Taxable Year 2026 and revert to the standard deduction amounts that applied prior to Taxable Year 2019: \$3,000 for single filers and \$6,000 for married couples filing jointly.

Enter on Line 11 the amount listed below that corresponds with your filing status.

To compute your tax, you can use either the tax table or the tax rate schedule on Page 35, or use the Tax Calculator on the Department's website.

Line 17 Spouse Tax Adjustment (STA)

Couples filing jointly under Filing Status 2 may reduce their tax by up to \$259 with the STA if **both have taxable income** to report and their combined taxable income on Line 15 is more than \$3,000.

Use the STA Worksheet on Page 12 or the STA Calculator on the website at www.tax.virginia.gov to complete this line.

Enter the computed STA amount on Line 17 of Form 760. You must also enter the Virginia Adjusted Gross Income (VAGI) for your spouse.

Using the STA, couples filing joint returns will not pay higher taxes than if they had filed separate returns.

HOW IT WORKS: Virginia tax rates increase with income: 2% up to \$3,000; 3% from \$3,001 to \$5,000; 5% from \$5,001 to \$17,000; and 5.75% for income over \$17,000. The STA lets both incomes reported on jointly filed returns benefit from the lower tax rates.

EXAMPLE: The Smiths have combined Virginia taxable income of \$47,000.

One spouse's taxable income is \$35,000 and the other spouse's taxable income is \$12,000. Without the STA, their Virginia tax is \$2,445. With the STA, both spouses benefit from the lower tax rates.

Using the STA Calculator at www.tax.virginia.gov, the Smiths compute the STA of \$220, reducing their taxes to \$2,225.

Line 18 Net Amount of Tax

Subtract Line 17 from Line 16 and enter the difference on Line 18.

Line 19a Virginia Tax Withheld During the 2025 Taxable Year

When retail sellers do not collect sales tax, it becomes the purchaser's responsibility to pay the sales tax (i.e., consumer's use tax). Report any sales tax amount you owe on your return. If you do not owe sales tax, mark the corresponding oval on your form.

Taxable Purchases

In general, the Virginia sales and use tax applies to all purchases, leases, or rentals of tangible personal property. Regardless of the source of the purchase, if you were not charged sales tax and your purchases are shipped or brought into Virginia, you are required to pay the use tax. This includes purchases made through websites, shopping networks, mail order catalogs, and any out-of-state retailers. Taxable items include, but are not limited to, food, furniture, carpets, clothing, linens, appliances, computers, books, CDs, DVDs, artwork, antiques and jewelry. Separately stated shipping and delivery charges are not taxable, but "handling" and any combined "shipping and handling" charges are taxable. Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment, or prevention of disease in human beings are exempt from the tax.

Tax Rates

The general sales and use tax rate for Virginia is 5.3% (4.3% state tax and 1% local tax).

Line 35 Amount You Owe

If you owe tax on Line 27, add Lines 27 and 34 and enter the total. **-OR-** If Line 28 is less than Line 34, subtract Line 28 from Line 34 and enter the difference.

Payment Options

If your bank does not honor your payment to the Department, the Department may impose a penalty of \$35, as authorized by Va. Code § 2.2-614.1. This penalty will be assessed in addition to other penalties, such as the penalty for late payment of a tax.

The fastest and easiest way to make your payments is to file and pay online with VATAX Online Services for Individuals or with eForms. Payments are made electronically and you may schedule payments to be made on a future date. An electronic return payment can also be made through e-File.

You must submit your payment electronically if:

- any installment payment of estimated tax exceeded \$1,500,
- any payment made with regard to a return or an extension of time to file exceeded \$1,500, or
- the total estimated income tax due for any taxable year exceeded \$6,000.

If you are not required to submit payments electronically, you have the option to pay by check.

Web Payments: Use the Department's website **www.tax.virginia.gov/payments** to make a payment online. Payments are electronically transferred from your savings or checking account. There is no fee charged by the Department.

Check: If you file your return locally, make your check payable to the Treasurer or Director of Finance of the city or county in which you reside; otherwise, make your check payable to the Department of Taxation. See Page 45 for a listing of localities. Make sure your Social Security Number is on your check and make a notation that it is your 2025 Virginia income tax payment.

If you file but do not pay with the return, you will be billed if your payment is not submitted by May 1st. To submit a payment separately from the return, but on or before May 1st, go to the Department's website and download the Form 760PMT. **Important:** If you make your payment by check after filing your return, do not submit a copy of your previously filed return with your payment.

Credit or Debit Card: If you file your return locally, call your Commissioner of the Revenue's office for instructions on how to pay. Phone numbers are listed beginning on Page 45.

If you file electronically or mail your return directly to the Department of Taxation, visit **www.tax.virginia.gov/payments** to pay on the Internet. *The company processing the transaction will assess an additional fee. Prior to payment, you will be informed of the fee and will have the option to cancel the transaction at that time with no charge.*

After you complete the transaction be sure to fill in the oval on **Line 35** indicating that you have arranged for a credit or debit card payment.

Line 36

If Line 28 is greater than Line 34, enter the difference in the box. **This is your refund.**

Refund Options

If you do not choose the direct deposit option for your refund by filling in the applicable information on Form 760, the Department of Taxation will issue a refund check to you.

Get Your Refund Faster With Direct Deposit: Have your refund deposited directly into your bank account. Fill in the bank account information and indicate whether the account number is for a checking or savings account.

Note: Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit **www.tax.virginia.gov** for details.

Bank Routing Number: Enter your bank's 9-digit routing transit number printed on the bottom of your check. The first 2 digits of the routing number must be 01 through 12 or 21 through 32. Do not use a deposit slip to verify the number. It may contain internal routing numbers that are not part of the actual routing number.

Bank Account Number: Enter your bank account number up to 17 digits. Do not enter hyphens, spaces or special symbols. Enter the number from left to right and leave any unused boxes blank. *Do not include the check number.*

Remember: It is always faster and more efficient to file your return electronically.

Fill in All Ovals that Apply

- **I (We) authorize the Department of Taxation to discuss my (our) return with my (our) preparer.** By marking this oval you are authorizing the Department of Taxation to respond directly to inquiries from your preparer without contacting you separately for authorization.
- **Electronic Form 1099-G.** Mark this oval if you would like to obtain your Form 1099-G/1099-INT statement electronically instead of receiving a copy by mail. Paper copies of these statements will be mailed to taxpayers

Important: The Department of Taxation is not responsible for a lost refund if you enter the wrong account information. Check with your financial institution to get the correct routing and account numbers and to make sure your direct deposit will be accepted. Do not use the routing number on a deposit slip if it is different from the routing number on your checks.

Be sure to sign and date your return. If filing jointly, both spouses must sign the return. In so doing, you agree that filing jointly on this return makes you jointly and severally liable for the tax due and any refunds will be paid jointly. Include your phone numbers in the spaces provided.

ID Theft PIN

If we are notified that your personal information has been compromised, we may assign you a 7-character personal identification number or PIN to be used on your Virginia income tax return. We mail new PINs to eligible taxpayers each year in November or early December. You do not need to request a new one each year, we will send it automatically. Your PIN is only active for the calendar year for which it was assigned. Use your calendar year 2026 PIN on your 2025 individual tax return filed in 2026. If you also submit your 2024 return in 2026, you should use the same Virginia PIN on that return as well. Do not use an expired PIN or a PIN assigned by the IRS. While most taxpayers do not receive a Virginia PIN, if you are issued a Virginia PIN include all alphabetical and numerical characters on your return. If you received a Virginia PIN and cannot locate it, call **804.367.8031** for a replacement.

Conformity Update for 2025

Virginia's Conformity with the Internal Revenue Code

Virginia's rolling conformity with the Internal Revenue Code has been suspended for periods beginning on or after January 1, 2025, and before January 1, 2027. Virginia will continue to conform to the Inflation Reduction Act and the Consolidated Appropriations Act of 2023. Conformity refers to how closely Virginia follows definitions and other provisions of the federal tax code, including the definition of income. If changes are made to federal law that could impact your return and require adjustments, Virginia Tax will post information about this on its website at www.tax.virginia.gov.

For additional information regarding Virginia's conformity with the IRC and adjustments that may be required as a result of conformity legislation, visit www.tax.virginia.gov.

Virginia will continue to deconform from the following: bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts. In addition, Virginia will continue to deconform from the following temporary changes made by the Coronavirus Aid, Relief, and Economic Security ("CARES") Act: suspension of certain NOL limitations for Taxable Years 2018, 2019, and 2020 and increasing the business interest limitation for Taxable Year 2019 and 2020. Distributions from a first-time home buyer savings account may only be used for the purpose of paying or reimbursing the down payment and allowable closing costs for the purchase of a single-family residence in Virginia by a qualified beneficiary. The subtractions claimed by an account holder in all prior taxable years are subject to recapture in the taxable year in which account funds are withdrawn for any other purpose even if the withdrawal occurred after the expiration of Virginia's 3-year statute of limitations.

To claim the subtraction, an individual must designate an account as a first-time home buyer savings account. An individual may designate an account by submitting documentation with their Virginia income tax return for the first taxable year in which such individual claims the subtraction. An individual must submit documentation

for each account that they are designating. Include the following information:

55 Discharge of Student Loans

Effective for taxable years beginning on and after January 1, 2015, a subtraction is allowed for income attributable to the discharge of a student loan due to the student's death. For purposes of this subtraction, "student loan" means the same as the term is defined under IRC § 108(f). This is a loan to an individual to assist that individual in attending an educational organization that was made by:

- The United States, or an instrumentality or agency thereof;
- A state, territory, or possession of the United States, or the District of Columbia, or any political subdivision thereof;
- Certain tax-exempt public benefit corporations that have assumed control over a state, county, or municipal hospital and whose employees are deemed public employees under state law;

"Military benefits" are defined as any military retirement income received for service in the Armed Forces of the United States; qualified military benefits received pursuant to § 134 of the Internal Revenue Code regarding certain military benefits; benefits paid to the surviving spouse of a veteran of the Armed Forces of the United States under the Survivor Benefit Plan program established by the U.S. Department of Defense; and military benefits paid to the surviving spouse of a veteran of the Armed Forces of the United States. The sum of your VAGI and your spouse's VAGI should equal the joint VAGI amount shown on Line 9, Form 760.

You will not owe an addition to tax if each payment is made on time and:

- you owe \$150 or less in tax with your taxable year 2025 return.
- total withholding and timely estimated payments were at least 90% (66 2/3% for farmers, fishermen and merchant seamen) of your 2025 tax liability after nonrefundable credits or 100% of your 2024 tax liability after nonrefundable credits.
- you meet one of the exceptions computed on Form 760C or Form 760F. Enclose Form 760C or 760F showing the computation.

If you do not meet the criteria shown above, visit **www.tax.virginia.gov**, or refer to Form 760C or Form 760F.

Line 19 Penalty The due date for filing a calendar year return is May 1, and the automatic extension provisions apply to returns filed by November 1. Depending on when you file your return, you may be required to compute an extension penalty or a late filing penalty. For more information on due dates and penalty provisions, refer to When to File Your Return on Page 3 of these instructions.

Extension penalty: If you file your return within 6 months after the due date and the amount of tax due with the return is more than 10% of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of 2% per month or part of a month, from the due date through the date your return is filed. The maximum extension penalty is 12% of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of 6% per month or part of a month from the date the return is filed through the date the tax is paid, to a maximum of 30%. If you file your return during the extension period, but do not pay the tax due when you file your return, both the extension penalty and the late payment penalty may apply. The extension penalty will apply from the due date of the return through the date the return is filed and the late payment penalty will apply from the date the return is filed through the date of payment. To

avoid paying the late payment penalty during the extension period, you must pay any tax owed **when you file the return**.

Late filing penalty: If you file your return more than 6 months after the due date, no extension provisions apply and you must compute a late filing penalty of 30% of the tax due with your return.

Line 20 Interest: If you filed a tax due return after the filing date, even if you had an extension, you are liable for interest on the tax due amount on Form 760, Line 27, from the due date to the date filed or postmarked. If you do not pay in full when you file the return, you may be subject to additional penalties and interest. To obtain the daily interest factor, please call **804.367.8031** or contact your locality.

Please note that the CollegeWealth and Prepaid529 programs are no longer accepting new accounts, but existing account owners may continue to contribute to their current CollegeWealth accounts and Prepaid529 contracts.

Additionally, Commonwealth Savers administers ABLEnow and ABLEAmerica tax-advantaged ways to save, invest and pay for qualified disability expenses for eligible individuals with certain disabilities. Generally, funds in an ABLE account are disregarded when determining eligibility for certain Federal means-tested benefits programs, such as Medicaid and Supplemental Security Income (SSI), and for Commonwealth of Virginia means-tested benefits programs as well. For information on the ABLEnow or ABLEAmerica program, visit Ablenow.com. You are not required to be the owner of record for an ABLEnow or ABLEAmerica account in order to direct a contribution of all or part of your income tax refund and the contributor is eligible to take the Virginia state tax deduction associated with either of these accounts.

When you specify a Commonwealth Savers contribution amount on Schedule VAC, you authorize the Department to transfer payment and related information to Commonwealth Savers to facilitate crediting contributions to the specified account(s) pursuant to their operating procedures. The information that will be exchanged is identified below:

- The contribution amounts and the program information contained on Schedule VAC.
- The taxpayer’s name, Social Security Number or tax identification number, address and telephone number. Note: Information for both spouses will be provided if a joint return is filed.

For purposes of determining interest on an overpayment or refund, no interest will accrue after the Department transfers the payment to Commonwealth Savers. If Commonwealth Savers is unable to match a contribution to an existing account, they will contact the taxpayer and attempt to resolve the contribution and, if all efforts fail, Commonwealth Savers will return the refund contribution to the taxpayer at the address on the return.

84 Virginia Federation of Humane Societies

The Virginia Federation of Humane Societies (VFHS) is the oldest animal welfare organization in the state. Founded in 1959, our membership includes public and private animal shelters, humane societies, rescue groups, sanctuaries, and animal control agencies, as well as animal caregivers and individual supporters across Virginia. VFHS is committed to ending the killing of healthy and treatable animals in Virginia's sheltering system.

OUR PROGRAMS

Save VA Pets recognizes that resources need to expand beyond the walls of a shelter or rescue and into communities to best address the challenges faced in animal welfare. This program provides diverse support including spay/neuter, animal transport, training, education and guidance on policies and practices that support increased adoptions and progressive lifesaving specific to the community's needs.

High Five VA is dedicated to reducing the euthanasia of healthy and treatable animals in Virginia by the transfer of animals from under-resourced and rural counties to areas where their chances of adoption are far greater. Moving animals from one location to another can result in a decrease in length of stay, a more diverse selection of animals for adopters and a decrease in euthanasia overall.

Spay Virginia is focused on working with shelters, local governments, rescue groups and private veterinarians to provide pet owners and caregivers in Virginia with access to convenient and affordable spay/neuter services.

MISSION STATEMENT

The Virginia Federation of Humane Societies (VFHS) provides progressive leadership, advocacy, resources and support to individuals and organizations committed to improving animal welfare and addressing the issues of animal abuse, neglect, and homelessness in the Commonwealth.

Credit for Taxes Paid to Another State

As a Virginia resident, all of your income is subject to the Virginia Individual Income Tax, regardless of where it was

earned or its source. However, if you received income from another state and are required to file a nonresident return in that state and pay income taxes, you may be eligible to receive a credit for the taxes paid to the other state.

When an individual is an actual resident of one state, but is a domiciliary resident of another state, both states will usually require a resident return. In that case, the domiciliary state will generally allow a credit for taxes paid to the state of actual residence.

This credit applies only to income taxes paid to other states. For more information, see *Va. Code* § 58.1-332 or visit www.tax.virginia.gov.

Exceptions

Arizona, California, or Oregon If you have income from one of these states, do not claim the credit for tax paid on the income on your Virginia income tax return. If you have income from Arizona, California, or Oregon, claim the credit on the nonresident income tax return of that other state.

However, if you are an owner of a pass-through entity with income from Arizona, California, or Oregon and you participate in the filing of a composite return with any of those states, please consult Public Documents 16-91 and 07-207.

District of Columbia If you have income from the District of Columbia, do not claim the credit for tax paid on the income on your Virginia income tax return. If you paid individual income tax to the District, follow their instructions to obtain a refund of your withholding.

Kentucky, Maryland, Pennsylvania, or West Virginia If you are a Virginia resident with wages, salaries and certain other compensation income earned as a nonresident in one of these four states, you are not eligible to claim the credit for any income not taxable by the other state.

Before claiming this credit, review the other state's nonresident instructions to determine if your wages, salaries and certain other compensation income are exempt from taxation in that state. If your wages, salaries and certain other compensation income are exempt, follow the other state's instructions to obtain a refund of your withholding.

A credit can be claimed on your Virginia return only for income taxes paid to any of the four states listed above on income that was not exempt income.

Special Circumstances

Border State Computation Kentucky, Maryland, North Carolina, or West Virginia

If you are required to file a return with Virginia and only one other state and that state is listed above, you may qualify for a special computation if:

- The income from that state consists solely of wages, salaries, or business income from federal Schedule C that is taxed by the state; **and**
- Your Virginia Taxable Income is at least equal to the Qualifying Taxable Income on the border state's return; then
- Mark the border state oval and enter "100.0" in the Income Percentage field.

When calculating income from the border state, do not include income exempt from income tax in the border state, even if it is earned or business income from federal Schedule C. Refer to the **Exceptions** section above.

If filing a joint return and each spouse filed a return separately in **only one** other state and that state is listed above, then each spouse may use the border state computation to compute the credit.

Married Taxpayers

Unless a joint return is filed in both Virginia and the other state, you may need to adjust your taxable income to compute the credit correctly.

- If you filed separately in the other state, but jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.
- If you filed jointly in the other state, but separately in Virginia, enter only the taxable income attributable to that filer from the other state's return.
- If both spouses are included in the same composite return or entitled to a credit for corporation income tax paid by an S corporation in which both spouses are shareholders, each spouse must compute income and credits separately.

Elective Pass-Through Entity Tax

Legislation enacted by the 2022 General Assembly established a new Virginia elective pass-through entity (PTE) tax. Beginning with taxable year 2021, the new law also allows taxpayers to claim a credit in proportion to their ownership interest in the PTE for certain taxes paid by the PTE. The tax must have been paid by a PTE under the law of another state that is substantially similar to Virginia's elective PTE tax law. For additional PTE legislation enacted by the 2023 General Assembly, See Tax Bulletin 23-3.

Required Documentation

- A separate computation and related documentation must be submitted for each state for which a credit is claimed using Schedule OSC.
- Enclose a copy of the other state's return if the taxpayer filed an individual return in the other state
- If you are an owner or shareholder in a pass-through entity, and you elected to be included in a nonresident composite return filed by the pass-through entity in another state, enclose a Composite Filing Statement from the pass-through entity that documents your inclusion in the filings and your share of the income, tax liability, and tax paid.

If nonqualifying income is included in the taxable income of the other state, recompute the qualifying taxable income and qualifying tax liability with that income removed. Examples of nonqualifying income include lottery or gambling winnings and unemployment compensation. Additions to federal adjusted gross income or federal taxable income required by the other state are also nonqualifying income unless those items are specifically included in Virginia taxable income.

If the other state's tax is computed on total taxable income from all sources and then reduced by an allocation percentage, enter the reduced taxable income. Visit our website for a complete list of states that require this calculation.

TAX RATE SCHEDULE

IF YOUR VIRGINIA TAXABLE INCOME IS:

Not over \$3,000, your tax is 2% of your Virginia taxable income.

over—	but not over—	your tax is—	of excess over—
\$ 3,000	\$ 5,000	\$ 60 + 3 %	\$ 3,000
\$ 5,000	\$17,000	\$ 120 + 5 %	\$ 5,000
\$17,000		\$ 720 + 5.75 %	\$17,000

Example

If your taxable income is \$90,000, your tax is \$720 + 5.75% of the amount over \$17,000. This equals \$720 + (.0575 x \$73,000) = \$720 + \$4,197.50 = \$4,917.50 which should be rounded to **\$4,918**.
